**Kids should
enroll**

The Donegal School District is encouraging all students new to the district to enroll in the district building offices where they would normally be assigned, as soon as possible. Please bring along any recent school and health records for proper school enrollment. The district building offices are open from 8:30 AM - 12 noon and 1:00-3:30 PM daily, until school begins. It would also help in class assignments if any students not planning to return to district classes in the fall would notify the building offices as soon as possible.

Elizabeth Miley

She's 95 today

Elizabeth Miley of Marietta will celebrate her 95th birthday on August 23rd. She was born in Lancaster in 1883, when airplanes did not yet exist, electricity was a novelty, and the automobile was still an experiment.

"It seems like just yesterday that I was 90 years old," she says.

She moved to her present residence, in RD Marietta, in 1886. Trains used to run close to her home when she was young,

and the furnaces were operating. Her father operated a truck farm, and Elizabeth would pick up to 100 boxes of berries in a day.

Miss Miley was Marietta Postmistress for 15 years around the time of World War II.

She is still in good health. An avid reader, she likes gardening and visiting with her friends and relatives.

Happy Birthday!

**Immunizations
are required by law**

The nurses of the Donegal School District have identified every child in the district who needs vaccinations against polio, tetanus, diphtheria, and other diseases. They will be sending survey forms to some parents to get more information. They ask that you complete the form as soon as possible and return it.

Also: if your child is entering the 6th or 11th grade this September, and is having the required physical done by the family

doctor, ask the doctor to record any shots on the form at that time.

These immunizations are recommended:

1. D.P.T., 3 doses in the last 10 years.
2. oral polio, 3 doses.
3. measles, 1 dose or documented history of the disease for your child.
4. rubella, 1 dose live vaccine.

Immunization is required for attendance at any school.
