DID YOU HEAR?

A man knocked on the door of Bob Houseal's house in Maytown recently and asked how much Bob wanted for his house. Bob said, "For my house? My house isn't for sale."

"Well, then why do you have a 'for sale' sign in your yard?" asked the man. Sure enough, when Bob looked there was a "for sale" sign in front of his house.

Now, the question is— who put it there?

DID YOU HEAR?

Jay Houseal of Maytown recently returned from a vacation in the Virgin Islands.

Will the islands ever be the same?

The Jaycees

are looking for a few good men

The East Donegal Jaycees are trying to re-organize. As of last week, they were only 4 young men short of the 20 needed to rejuvenate the chapter and get its charter back from the national Jaycees organization. The charter was repealed a year ago because membership dropped below the 20-man cutoff point.

"There's been a good deal of new building, and people moving in," said Mount Joy Jaycee Bob Stoner, who is helping the East Donegal chapter get back on its feet. "That means the area should be ready to re-organize."

Stoner, interviewed at the meeting held last week in Maytown, went on, "there are lots of benefits for young men who join the Jaycees. They help themselves while they help their community."

An example of this is the leadership courses which the Jaycees offer their members on a regular basis. "They're miniature Dale Carnegie courses," Stoner says, "the only real difference is price." One fellow who took the Dale Carnegie course—to the tune of \$600 or \$700—later joined the Jaycees and was flabbergasted to learn that the Jaycees had the same thing, for annual dues of

\$15.00.

Fifteen bucks isn't very much. What else is involved in being a Jaycee?

Jaycees meet once a month on a regular basis. They work together for the community they live in and on their own personal growth.

Besides community involvement and personal growth, the Jaycees are also a good way to meet new friends.

The Jaycees were originally formed as the Junior Chamber of Commerce, and many people still think you have to be a businessman to join. The Jaycees, though, are the Jaycees, no longer (since 1965) the "J.C.'s" To join, you must be a man between the ages of 18 and 35; there is no other restriction whatsoever. Jaycees vary in their involvement: some put in many hours on group projects, others few hours. The Jaycees are a world-wide organization.

Besides the leadership courses, major areas of Jaycee activity are community health, education for responsible drinking, family life development, helping ex-convicts to re-adjust, and environmental action.
