- 8-40 Denise Wilson
- 8-41 Nancy Brubaker
- 8-42 Ellen Endslo
- 8-43 Grace Synder
- 8-44 Elissa Woody

## Heat leaks

Our power company, PP&L, is working on a project which can help its customers save energy by plugging up heat "leaks" in their homes.

The mail-order "Energy Saver Kit" includes the following:

- 10 electric outlet receptacle covers: these are among the biggest culprits in letting cold air into your house, according to recent tests;
- 7 electric draft eliminators, which are gaskets that will seal around the edges of your outlets;
- three electric light switch draft eliminators;
- two restricted-flow shower heads to cut hot water waste;
- an energy meter developed by PP&L for use by customers: it determines insulation level;
- do-it-yourself instructions.

These kits have been advertised throughout the 10,000-square-mile PP&L service area. You can order this kit by sending a check or money order (for \$2.35) to: Energy Saver Kit, P.O. Box 2000, Ronks, PA 17572. The kit is sold at cost: PP&L makes no profit on them.

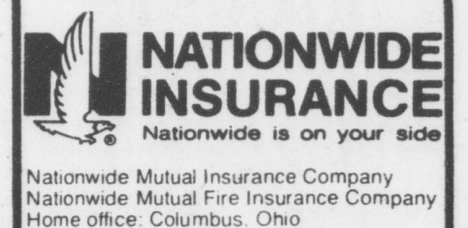

## Savings from Nationwide Your home may qualify for important insurance discounts.

- If your home was built in the last seven years, Nationwide has good news for you. We now have discounts of 2% to 14% on homeowners insurance premiums.
- Current policyholders who qualify will automatically get the same discounts at renewal time.
- And whether your home is new or old, we have a discount for you if you have an approved smoke detector or burglar alarm system.
- Call your Nationwide agent for details today.
- Discounts available in most states.

## Yes! There is an SBI-rated Anti-Pollution Boiler

The New Yorker "S-AP" Series is designed with the environment in mind. Oil is completely atomized and mixed with air to meet EPA standards.

- 3450 R.P.M. burners with flame retention
- Natural draft firing
- Highly efficient combustion chamber
- No flame turbulence
- Quiet in operation
- Jacket top removable for servicing

The New Yorker Uni-Pac, Cadillac of the line, is compact in design, built for long, trouble-free service. Coil located horizontally in top of boiler produces ample domestic hot water. Bulletin gives full details.
