PP&L takes blame for river fish kill

Pennsylvania Power & Light Company has acknowledged responsibility for fish kill on the Lower Susquehanna River recently. As a result, the Company will pay the Pennsylvania Fish Commission \$1,500 and probably a like sum to the Pennsylvania Clean Streams Fund.

Lynn I. Ratzell of PP&L's Environmental Engineering organization attributed the fish kill to "thermal shock." Brunner Island Steam Electric Station's Unit 3 was shut down for

routine maintenance Friday night by PP&L. An estimated 4,500 fish, including 2,800 minnows and suckers, were killed when cold water mixed suddenly with the warm discharge channel water near the plant.

Ratzell pointed out, "We are examining what happened this time so we can develop procedures which will reduce the chance of any such fish kills in the future. Our findings and plans will be reported to the Pennsylvania Department of Environmental Resources."

United Way plans a big party

All 1976 contributing members of the United Way are invited to a \$6.75 plate dinner meeting at 6:30 p.m., January 31, in the Diamond Horseshoe Ballroom of the Host Corral. Reservations may be made by calling the United Way office at 394-0731.

United Way of Lancaster County will bring J. Paul Lyet, chairman and chief executive of Sperry Rand Corporation and a former

Lancastrian, back to Lancaster as keynote speaker at this Annual Meeting, Mrs. Henry N. Hillard, president, announced today

Lyet was 1963 campaign chairman and 1964 president of the local United Way, and president of the Sperry New Holland Division of Sperry Rand before being named president of the corporation in 1971. He was elected chairman and chief executive officer in 1972.
