

Guard of the Month

**Don't Endure It...
Eliminate it!**

Static electricity... the little scientific imp that shocks you every time you touch a door-knob, light switch, or someone nearby... is nature's sign that your home is suffering from lack of proper humidity. Your throat is scratchy, your nasal passages dry out, and you're plagued by dry and flaky skin and scalp.

The desert-dry air in your home also can shorten the life of plants, draperies, rugs and upholstery, and can cause loosening of joints in furniture and floors.

HERRmidifier Company, Inc.—a pioneer in humidification for nearly 30 years—offers a complete line of residential humidifiers that eliminate these and other annoying discomforts.

Call us today and let us show you how easily and inexpensively HERRmidifier can put natural freshness into your home.

Local wine wins silver medal

Nissley Vineyards, near Bainbridge, won a silver medal at the annual Wineries Unlimited Conference held recently at the Host Farm Resort. The Nissley "Colonnade" wine won the award.

Of the 379 wines judged at the conference, only 88 received medals. The 24

wine judges included Craig Goldwyn, wine columnist for the **Chicago Tribune**, William Rice, wine columnist for the **Washington Post**, and Richard Vine, cellar-master at Mississippi State University.

Nissley's Colonnade is a sweet version of the Seyval Blanc wines.

E-town band will be heard by Swiss

The E-town College Concert Band will be heard in Europe this year, but they aren't going there: the president of Radio Zurich in Switzerland has asked for a recording to play over the air to Swiss music lovers.

Otis Kitchen, director of the E-town band, met the president last year at a wind instrument convention in Zurich. The president asked for the recording.

E-town woman will tell Mount Joy Historical Society members how to "know your ancestors"

The Mount Joy Area Historical Society will meet at 7:30 on Monday, January 15th, in the Society Building on Fairview Street in Mount Joy. The Newly-elected officers will be in charge of the meeting which is open to the public.

Mrs. Lowman Seitz, a

member of the Elizabeth-town Historical Society, will present a program entitled "Know Your Ancestors," an introduction to genealogy research.

President Bernell Heisey invites anyone interested in joining the Society to write Box 152, Mount Joy, and an application form will be

forwarded to them immediately. There are still 1979 calendars available at stores within the area or by contacting O.K. Snyder. These calendars feature many landmarks and will be collector's items in the coming years.
