## President Bob Stoner's Message

As president, I would like to thank those who have shown their concern for our community through their support of the Jaycees and our projects.

During this week, chapters all over the U.S. and the world will be celebrating the 59th anniversary of what we feel is the greatest young men's organization in the world.

I would like to invite any of you who are interested in building a better community, a better tomorrow and a better you, to become involved in the Mount Joy Jaycees. Through community service the Jaycees are "building tomorrow's leaders today".
