Students Honor Riverview Cafeteria Workers

The cafeteria workers at Riverview Elementary School in Marietta were honored last week by the students of reading teachers Mrs. Elizabeth Smedley and Mrs. Carol Lambert. The kids gave them corsages and even a poem thanking them for being nice and giving them delicious food. The poem was written by Lori Barton.

In the photo above, the cafeteria ladies, standing in the rear, are [l.-r.] Mrs. Stoner, Mrs. Huck, Mrs. Gable, Mrs. Fox, Mrs. Radle, and Mrs. McConnell. The kids are Todd Roberts, Tracy McKain, Sylvia Henny, and Corinna Ebersole. Kneeling in front and holding the poem is Becky Bensinger.

Cast Announced for "Let's Go To The Moon"

The cast has been announced for the first children's show of the 1979 Columbia Little Theater season.

Scott Demmy

The show is a children's fantasy play entitled "Let's Go To The Moon." The play will be presented March 9 and 10 at the Columbia High School auditorium, Columbia. Shows will be at 7:30 PM on Friday; 1:30 and 7:30 PM on Saturday.

The story is about a small boy's dream of taking a space ship ride to the moon. While on the moon he encounters a number of zany fairytale characters. The play will feature many theatrical special effects designed to stimulate one's imagination. These effects will be intermingled with dance, song, sound and illusions.

The cast will be headed by Scott Demmy, Marietta, who plays Bill Jones, the small lad with the big imagination. Other cast members include: Tina Haug, Colleen Barr, Mic Reidy, Louise White, Eric White, Mary Loreto, Beth Showalter, Pat Zercher, Tammy White, Bev Yost, and Sheri Clark. The production is under the direction of Duane Peters.

Heart Association asking for contributions

Heart Association volunteers are now calling on Lancaster County citizens for contributions to the 1979 Heart campaign. This year's goal is \$118,700.

Circulatory diseases affect 40 million Americans, cause one of every two

deaths, and cost \$3 billion a year in lost work and medical expenses.

Lancaster County is above the average heart- and circulatory-death rate. 56% of all deaths here are caused by it, as opposed to a 52% national average.
