Did you ever participate in a bike-a-thon? Well, if you haven't, you've been missing out on a lot of fun! Riding among one hundred bicyclists on a warm, Sunday afternoon in May can be "a high" you might never forget. And it's all for a good cause!

The Central Pennsylvania Chapter of the Cystic Fibrosis Foundation is sponsoring a bike-a-thon in Mount Joy on May 6, 1979, from 1:30-4:00 PM. Registration will begin at 1:00 PM in the Mount Joy Vo-Tech parking lot, the starting point of the two-mile course.

Prizes will be awarded to all who participate. Monetary prizes will be given for the following categories: Most Money Collected-1st prize, \$25; 2nd prize, \$15; 3rd prize, \$10; Most sponsors-1st prize, \$10; 2nd prize, \$5; Most Miles Ridden-1st prize, \$10; 2nd

prize, \$5. Bike-a-thon Tee shirts will be given to all participants who collect \$25 or more in pledges. Those participants who collect under \$25 will receive a bike-a-thon iron-on decal. In order to qualify for a prize, money from pledges must be returned within ten days after the day of the event. Refreshments will be provided at Grandview, one of the sites along the course. All monetary prizes and refreshments have been benevolently donated by the Donegal Education Association.

Sponsor sheets can be obtained from Jim Sarbaugh at Seiler Grade School, Tom Konas at Grandview Grade School, Jim Metzler at Beahm Jr. High or Jim Zuch at Donegal High School, who are all volunteer workers for the Foundation's fundraiser. When all pledges have been collected, the

money should be returned to the person from whom you received your sponsor sheet. Call either of the following numbers if you wish further information, 367-0551 or 653-5425.

Cystic fibrosis is one of the most life-threatening diseases of children. Every day five newborn American lives begin with cystic fibrosis. And every day three lives are lost because of it. The funds raised through the bike-a-thons are used to assist the parents of afflicted children by lending them therapeutic equipment which they might not otherwise be able to afford. It's also used to finance a national effort to find a control or cure for cystic fibrosis and all other serious children's lung damaging diseases. When a cure is finally found, we can say our bike-a-thon had helped make it possible.
