

Strawberry Festival

at Haldeman Mansion in Bainbridge

The annual Strawberry Festival, sponsored by the Haldeman Mansion Preservation Society, will be held rain or shine, on the grounds of the historic Haldeman Mansion, Sunday June 10th, 2:00 to 7:00 PM. The mansion, which is listed on the National Register of Historic Places, is located one-half mile south of Bainbridge, off Route 441.

Strawberries, ice cream and shortcake are featured with additional foods available for a light supper, all prepared by society members. Tickets may be purchased the day of the event. Ample parking is available free on the property grounds.

Entertainment throughout the afternoon will be provided by Jimmy Schmidt's German Band. Also featured is a visit from "Freckles" the clown, portrayed by society member

Nelda Bair: She will give away free balloons to all children and carry a basket filled with "penny" candy which may be purchased. The society will offer for sale newly issued note paper which depicts the mansion, sketched by Keeler Chapman. In addition, pen and ink art prints of the mansion, suitable for framing, will be personally autographed by the artist, Linda Hayden Wilson. An added attraction is an exhibit which displays photographic copies of original property surveys and pictures of the mansion in former years, plus a photographed portrait of S.S. Haldeman, all of which were on display for the first time to the public at the celebration of Lancaster's 250th Anniversary at Lancaster County Central Park. A new feature at this year's event is a plant and

odds and ends table. As usual, the mansion and outbuilding will be open for inspection free of charge.

The 18th Century stone mansion is the birthplace of Professor Samuel Steman Haldeman (1812-1880), a distinguished scientist and leading authority on natural history, ethnology, philology, and phonology.

Event chairman is Mrs. Thelma V. Bair. All proceeds will benefit the society's on-going restoration of the property and the establishment of a Haldeman Library and Museum in a room of the main house. The organization actively seeks new members, and applications for membership will be available during the festival. For any further information, Mrs. Bair may be contacted at 426-3266, or Marguaretta Gingrich may be called at 426-3403.

Anspach will attend tree seminar

Cynthia Anspach

Cynthia Anspach, a 10th grader, applied for and received the sponsorship of the Glatfelter Paper Co. to attend the Penn State University Youth Forestry Camp for six days this summer.

Campers are selected on the basis of their individual interest in forestry as well as their ability to participate in the program. Development of an appreciation of our natural resources, land, water and forests is a basic purpose of the camp.

The camp is located within the university's Stone Valley Experimental Forest, 12 miles south of State College.

Cynthia will take field trips and industry tours, learn tree identification, forest management, and timber estimating, tour a sawmill, pulp and paper mill, and visit a small watershed research project, among other things.

Cynthia is the daughter of Mr. and Mrs. Robert E. Anspach of RD1 Mount Joy.

What you need:

flyers, brochures, posters, newsletters, annual reports, books
—any kind of printed matter,

We can provide:

typesetting, composition, layout, printing, editing, writing,
research, photography
—in any combination you want.

All the skills

we developed in producing a newspaper and a magazine
—including the ability to meet deadlines—
are available to you at low cost because of our low overhead.

So, call us

about your printing projects at (717)-653-8383
—toll-free from Lancaster.
