GAS

A survey by the **Susquehanna Times** last Saturday afternoon found two gas stations operating in the Marietta area, and none in Mount Joy.

In Marietta Herr's Fruit Market was selling regular gas which they had received the previous day, but no premium or unleaded. They expected the regular gas to run out Sunday and did not know when they would be receiving any more.

Carruther's in Marietta, which does not usually sell much gas had a small line formed on Market Street.

Reeves on Route 441 near Route 23 had gas but was not selling Saturday after-

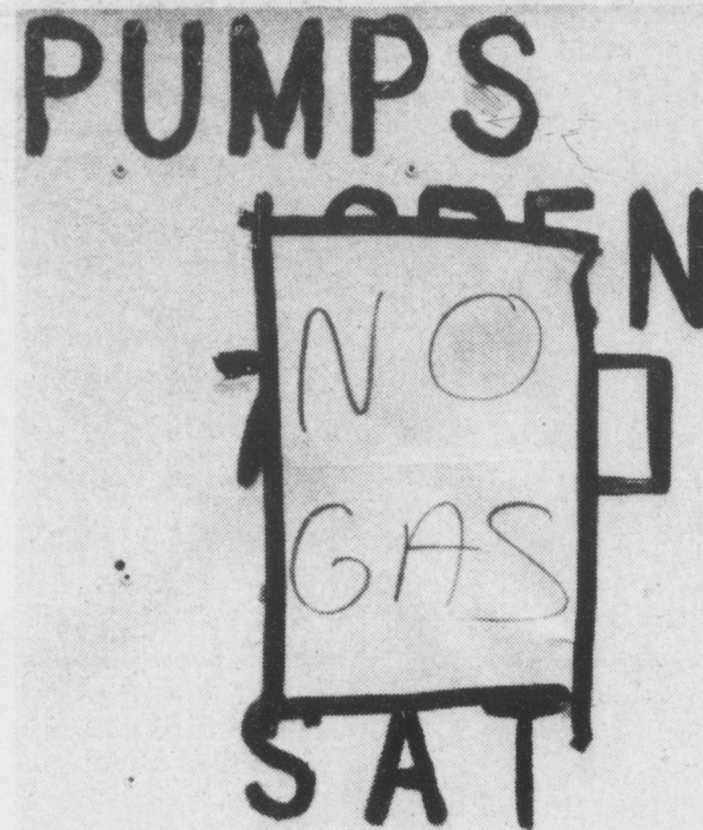

noon. They were out of unleaded but expected to be selling this week during the mornings, while it lasted.

Erv Lichty's BP gas ran out early Friday morning. Lichty was reported as saying he did not know when he would be getting more.

Miller's Mobil ran out of unleaded on Saturday. This past Monday they were expecting 1600 gals. of regular.

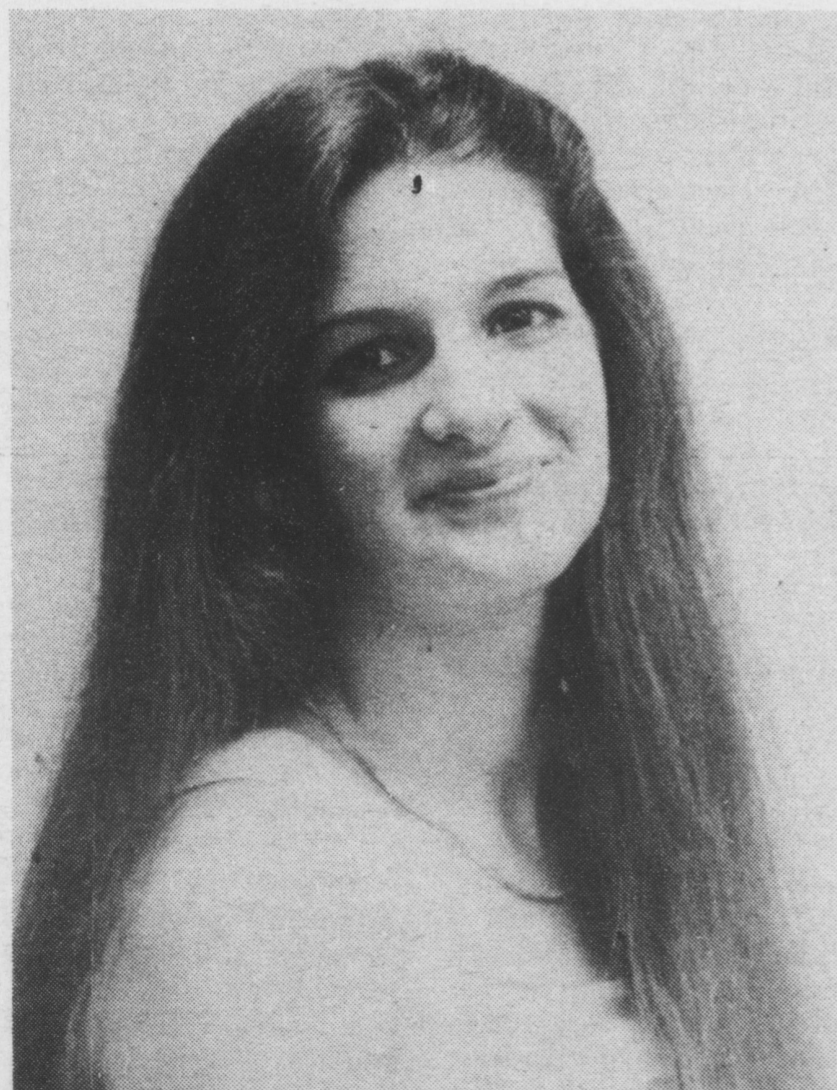

Bradley's ARCO across from Herr's Fruit Market was closed Saturday. The **Times** was unable to get a report from Bradley on plans for this week.
