Espenshade brothers 10 years at United Tel.

Ronald L. and Donald L. Espenshade of E-town have recently observed their tenth year with United Tel.

The two brothers both joined the phone company in 1969 in the construction department and both were elevated to framemen in 1970. Ronald beat Donald to the position of central office technician in E-town by one year: Ronald was promoted in 1971, Donald in 1972.

Both Ronald L. Espenshade and Donald L. Espenshade have completed various company-sponsored technical training courses, and both are members of the Christian Missionary Alliance Church in E-town.

Ronald is married to the former Virginia Canonge and he enjoys woodworking, cars and hunting. Donald, on the other hand, enjoys photography and hunting. He is married to the former Penny Barefoot, and they have one child, Angela.

[Ed. Note: The Times received one news release each about Ronald and Donald, on the same day. At first we thought United Tel's PR people had made a mistake, but when we called Don March, he cleared it all up by pointing out that the brothers are actually two different men—we had missed the difference in first letters of their names. Thanks, Don March.]
