

Thanks to you, it works ...for ALL OF US.

When you gave to the United Way last fall, you gave a lot more than money.

You gave hope. To troubled families, who receive counseling for drug, alcohol and marital problems. To handicapped children and adults who want to make it on their own. To elderly people who need home nursing.

Thanks to record giving by Lancaster Countians last fall, thousands received help when they needed it. Thanks to you, United Way agencies can continue to make our community a better place to live.

United Way
of Lancaster County

**Thanks to you, it works
...for all of us.**
