Rosemary Patterson of the Rosemary Shop near the S-bend in Marietta held a flower and plant pressing workshop for the Marietta Auxiliary to the Columbia Hospital recently.

Rosemary told the Auxiliary members that flowers can be pressed with any heavy book, such as a phone book. Other tools needed for pressing are scissors, tweezers and an artist's paint brush.

Flowers to be pressed should be cut at noon, ideally, and pressed while still fresh. To prevent deterioration, they can be placed under glass.

If you try it, gather lots of plant material, because you'll undoubtedly bruise much of it while getting your design straight. Allow six weeks of undisturbed drying time.

The brush is used to put glue on the plant parts used in the pressing.

Flower pressing was quite

popular with Victorian ladies, who used hair, butterflies, and seaweed along with their flowers.

After Rosemary's talk, the business session was conducted by Mrs. Mary Sarver. Plans for the pinochle card party were finalized: it will be held on Oct. 16th, at 8:00pm, in the Community House. Mrs. William Heisey and Mrs. George Houseal are co-chairing this event.

A menu for the Christmas luncheon was tentatively agreed upon. The luncheon will be held at the home of Mrs. Sarver in Rheems on Dec. 3rd at 12:30pm. Tickets are available now at \$3.50 each.

The Nov. 13th meeting will be held at the home of Mrs. Ralph Miller, 111 Fairview Ave., Marietta.

Hostesses for the October meeting were Miss Ruth Wisman and Mrs. Robert Henry. Devotions were led by Mrs. Heisey.
