Harry and Bertha Riley's solar greenhouse does more than cut their fuel bills almost in half. It does more than grow tomatoes in winter. It is also a movie star. This photo shows a cameraman training his lens on some of the lush greenery inside the Riley's solar greenhouse. He is making a movie for the government. The Riley's

solar greenhouse may not be as pretty as Jane Fonda, but it is almost as warm and a lot more practical to have around the house. So far, nobody has offered the greenhouse a huge salary to star in a feature-length movie. But who knows what the future may hold?
