Mount Joy boro council receives alley petition

At the meeting of the Mount Joy Borough Council this past Monday night residents of Donegal Springs Road submitted petitions asking to annex dead-end unused alleys to their properties.

Council authorized pre-advertisement of a new ordinance regarding dangerous structures which the borough can ask owners to repair.

Approval was given to the police department to buy a new typewriter.

Appletree Alley will be made one-way from Barbara Street west to Market Street for a 90-day trial period.

Pre-advertisement was authorized for an ordinance converting a tract of land along Lefever Road from high density residential to medium density residential.

Approval was given to pre-advertising an ordinance requiring a fee and two-year guarantee of the work, whenever a street surface is opened to repair utility lines.

Approval was given for subdivisions of their properties requested by Warren H. and Ethel Foley, 12 West Donegal Street; Jay R. and Victoria M. Hess, 457 Donegal Springs Road; and William E. Yeaglin, 1000 block of Wood Street.

The resignation of John W. Harnish, member of council, was accepted. Harnish is moving with his family to Centerville.

The contract for resurfacing sections of Plum, High, Detwiler, Park, and Second Streets was awarded to low bidder B. R. Kreider and

Sons, Manheim. Their bid was \$19,455.

Approval was also given for Penn DOT to award the contract for reconstruction of Lefever Road to George R. Lynn Co., Port Carbon, Pa., for \$136,268. The approval was contingent, however, on Penn DOT's agreeing to pay 75 per cent of the costs.

Authorization was given to accept bids for the reconstruction of Plum Street from Hill Street to Terrace Avenue.

An invitation for bids for a new automobile for the police department was issued for the second time.

A motion to subdivide the land surrounding the house owned by the borough in the Borough Park was voted down, also a motion to consider tearing down the house.

It was announced that a 48-unit housing project for the elderly on East Main Street will be presented at the next meeting of the zoning hearing board at 7:30 p.m., Friday, March 21.
