## WW fashion show deemed successful

The annual Mount Joy Welcome Wagon Club Fashion Show and Card Party was held Thursday, March 27, at the Mount Joy American Legion Hall. Spring fashions, provided by the Orange Owl of Mount Joy, were modeled by members of the Welcome Wagon Club.

The models strolled through a spring garden created by club members, while bunnies peeked from beneath trees and daffodils and Raggedy Ann and Andy looked on.

Following the show, the guests enjoyed dessert recipes prepared from the

Welcome Wagon cookbook. Door prizes, table favors and stage decorations were donated by merchants and businesses from Mount Joy and surrounding communities. The generosity and community spirit of the merchants resulted in the event being both enjoyable and successful.

160 people attended the Fashion Show/Card Party, and the club raised \$321. The money will be donated to the Meals on Wheels program to aid in providing hot meals to those who need them in Mount Joy, Elizabethtown, Maytown, Marietta, Bainbridge and Fal-mouth.

## Students at Riverview meet Dairy Princess

Miss Lucinda Landis, Lancaster County Dairy Princess, was visiting the Riverview Elementary School Thursday when she presented a puppet show to the primary grades.

A milk promotion, the show explained how milk fights "germs" which make our bodies weak but if we drink three glasses of milk per day or its equivalent, strong bodies are the result. "Milk need not be in its natural form," said the Dairy Princess, "it can be as a float, cheese, butter, ice cream, yogurt, or in the millions of recipes which include the dairy product.

A question and answer period followed the puppet show and it was revealed that Miss Landis lives on a dairy farm where there are three hundred cows. Most of these are milked twice a day—at 3AM and 4PM using automatic milkers. Feed for the cows includes corn flakes which is obtained from the factory

which is near the dairy farm of the Landis'.

Cows have four stomachs which digests the hay, grain and additional feed that is fed to them. Nutrition experts check the results of the food that is given to the animals and veterinarians examine the cows on a regular basis.

Dairy princesses are elected each year but must meet the requirements to do so. Candidates must be between the ages of 16 and 22, live on a dairy farm or their parents must work for a milk processing company. Miss Landis was eligible to compete on the state level after becoming Lancaster County's princess and was also a finalist on the state level. She does volunteer work among school students and is reimbursed for her gasoline and supplied materials by the state. A drawing of a cow was left for each student in the primary grades to be used for coloring.
