

The Armstrong Ceiling Plant at Marietta has been in operation since the spring of 1970. Kicking off the 10th anniversary celebrations, special guests were given a tour of the plant facilities recently. Among those participating in the tour were, left to right, Plant Manager Don Wain, and guests, Richard R. Filling, State Representative Kenneth E. Brandt, and State

Senator Richard A. Snyder. Filling and Senator Snyder serve as directors of the Economic Development Company of Lancaster County, a group instrumental in helping Armstrong to purchase the surplus government site that is now the home of two manufacturing operations—the Armstrong Ceiling Plant and its neighbor, the Armstrong Carpet Plant.
