

Historic Marietta Day

Balloons, banners, arts and crafts decorated the streets of Marietta last Saturday for the annual "Historic Marietta Day."

Children had a ball writing on the streets for the street drawing contest, a part of the festivities of "Historic Marietta Day"

Dale Messner, Beahm Junior High industrial arts teacher, stands in front of one of the six storage modules built by eighth grade students. The buildings are for sale.

Beahm students construct buildings

Students at Beahm Junior High School not only learn about the construction industry; they actually help to

build wooden modules.

Industrial Arts teacher Dale Messner is proud of the work done by the

students. "They work in groups to build a 2 X 4 section of an 8 X 8 building complete with floor and roof."

The shop program begins in the seventh grade when all boys and girls take the course for half the year. The other half is spent in the home economics class.

In seventh grade the students learn a bit about construction, surveying, mapping and community planning. They also do some block and brick laying and build the foundation for the eighth graders' modules.

Flowers and gift ideas decorated the streets.

The eighth grade students begin their session by learning some basic job holding skills. "We have the kids role play," says Mr. Messner. "They fill out forms and go through a job interview. It is something that many students do not receive in all of their years of education, yet it is one of the most important things in landing that job."

The students work in groups of four or five while building a 2 X 4 section of the shop module. "This helps the students develop a skill in working side by side and getting things done through cooperation," says Mr. Messner.

Most of the work with the modules can be done indoors. When the weather turns nice the sections are taken outside and the buildings are put together. Shingles are put on the roof and trim is added to the building.

The buildings are sold at cost and the money goes back into the program. At present there are six buildings available for purchase at \$325. Anyone interested in buying or looking at one of the buildings should contact the junior high during business hours and make an appointment. Mr. Messner is available in the afternoon beginning at 1:45.

Marietta Day is a success

The rain stayed away, and residents and visitors alike enjoyed the festive atmosphere of last Saturday's "Historic Marietta Day."

A good portion of Market Street was blocked off for the town-wide event which included open houses, walking tours, sidewalk sales, magic shows, a clown, displays of art, crafts and antiques, and plenty of food. One unique event was the Children's Sidewalk Chalk Art Contest held at the S-bend. The street was covered with the varied designs of children 12 years of age and younger.

The event was sponsored by the Marietta Restoration Associates.

Donegal baseball statistics

Here are the final statistics for the Donegal baseball team's 1980 season. To the right are the batting averages of all the players both for league games and the total season. Below are the won/loss records for the pitchers as well as more detailed stats.

Donegal Pitching Records 1980

	Total		League	
	Wins	Losses	Wins	Losses
Mitch Johnson	5	3	3	3
Monte Maurer	3	3	2	3
Steve Neal	2	1	1	1
Bill Gutshall	0	1	0	1
Cory Heisey	0	1	0	0
