

Re'Generation music at Cross Roads Church

The Re'Generation is coming to Mount Joy on Thursday, September 18. This nationally acclaimed musical assemblage composed of ten members will

be making an exclusive appearance at Cross Roads Brethren in Christ Church at 7:30 pm. The church is located at Donegal Springs Road and South Angle Street, Mount Joy. The concert is sponsored by Florin Church of the Brethren, Mount Joy Mennonite Church and Cross Roads Brethren.

Conceived and developed by composer and arranger Derric Johnson, the Re'Generation musicians were chosen from 1,000 who auditioned.

In the past ten years the group has: traveled almost a

million miles; performed more than 2,400 concerts in auditoriums; churches, colleges, fairs, theme parks and military installations; given over 1,500 shows for high schools, service clubs, retirement homes and shopping malls; performed over 400 headline shows at Walt Disney World; been to fairs from California to North Carolina; been featured as keynote entertainment for over 200 national and international conventions; and have presented featured performances for the legislatures of California, Tennessee, West Virginia,

Indiana and Florida. In ten years the group has amassed 5,000 performances.

They have just completed taping in Park City, Utah, a TV special with Burl Ives and Lynn-Holly Johnson to be aired nationally next winter. They have been awarded the George Washington Honor medal award and their first gold album recently.

The group will perform for the entire family at Cross Roads Brethren in Christ Church, Thursday, Sept. 16, at 7:30 pm. There will be a free-will offering.

Education Sun. was Sept. 7th

Education Sunday was observed at the Zion Evangelical Lutheran Church, Marietta, September 7.

A Rally Day program consisted of a chalk talk by Miss Dorothy Cooper, Columbia school art teacher, narrated by Emily Hardnele. The subject of the presentation was the creation story.

The church school staff was installed during the regular morning church service, and the sermon focused on the importance of Christian education.

Promotion certificates were presented to students moving up to a new class.

PP&L users set record

Preliminary figures indicate that a new summer electric use peak was set the day of September 2 by Pennsylvania Power & Light Co. customers as meters registered 3,945,000 kilowatt-hours between 1 and 2 pm.

The new peak is attributable to the continued hot weather and resulting higher-than-normal use of air conditioners, according to William Scheffley, PP&L's manager of System Operation.

PP&L had set previous summer peaks of 3,767,000 kwh on July 16 and 3,905,000 kwh on July 21 of this year.

PP&L's all-time peak remains at 4,701,000 kwh, set in February 1979 during a severe cold spell, according to Scheffley.
