

Storm damage in area

High, localized winds did damage to several barns and smaller buildings outside of Maytown Sunday night. Shown above are the remains of a large structure located at Colebrook and Rock Point Roads. Workmen were already clearing away the debris Monday morning.

Doktor Predicto

Dr. Predicto, that mathematical prognosticator with the oversized brain cells, did pretty well in his predictions last week, missing only two games.

Conestoga Valley lost to Lancaster Catholic by a 21-20 score, and Governor Mifflin defeated Manheim Township, 7-0.

Otherwise Predicto was faultless, an unfortunate thing for Donegal. The Indians were defeated by the Barons of Manheim Central 39-14. Predicto has no soft spot in his heart for the home team.

"But, fear not," he is quick to tell our sports editor. "Donegal will defeat Solanco by a 20-15 score."

"Are you sure?" asks our editor. "The Golden Mules topped Donegal by one point last year. Our Indians seem to have a lot of trouble with the Solanco team."

"Just listen to me," grins the confident Predicto. "Facts and figures do not lie. Donegal will win."

Who are we to argue with the almighty Predicto?

Here are Dr. Predicto's forecasts for the upcoming week-end of play.

SECTION I

Cedar Crest over Gov. Mif. McCaskey over Muhlenberg CV over Lebanon Lanc. Cath. over Hempfield Wilson over Manheim Twp.

NON-LEAGUE

Donegal over Solanco E-town over L-S Man. Central over Cocalico Ephrata over Garden Spot Williams Valley over Leb. Catholic ELCO over Columbia Annville-Cleona over PM Northern Leb. over Halifax Warwick over Shikellamy

Experienced hockey team off to a strong start

"Things got off really pretty well," says Joyce Zangari, coach of the Donegal field hockey team.

That seems to be just a bit of an understatement. The team began the season with three scrimmages; winning all three. They defeated Hempfield, Lancaster Catholic and Columbia.

They continued their winning ways by beating the Manheim Township team. Next came a loss to McCaskey and a tough 1-2 defeat at the hands of Ephrata. The game against Ephrata was the first league game. "It could have gone either way," says Coach Zangari. "It was very close."

The team got back on the winning track by defeating Elizabethtown, 5-0, last Thursday afternoon.

The team meets Annville-Cleona and Cedar Crest this week. Mrs. Zangari doesn't like to make any predictions. "We play in a very strong section; perhaps the strongest section in Pennsylvania. Every team we come up against is strong. It is best to take one game at a time and not think too far ahead."

The field hockey team is described by Zangari as very experienced. Most of

the players, with the exception of the goalie, are back.

Playing goalie is a strong freshman, Amy Westerman. "Amy is doing an outstanding job for us. She has a very

strong clear."

The nucleus of the team consists of the six seniors: Sherry Derr, Betsey Germer, Brenda Hershey, Colleen Jones, Gina Mohr and Joann Storm. There are also

some experienced juniors and sophomores playing.

"The girls have a good competitive attitude," says Zangari. "They should do really well this season."

The players, described by

Zangari as very coachable, are intelligent hockey players. This hockey savvy, combined with experience, should provide Donegal with a very good hockey record this season.

Girl's tennis team boasts 3-1 league record

The Girl's Tennis team is off to a fine start this season with a 3-3 overall record and a 3-1 league record. And it's easy to understand why they are doing so well. Coach Kitty Jo Etsell treats the girls to milkshakes after every win. That's almost enough to make this lazy sports editor take up tennis!

The girl's team is a young team, with only two of the top five girls returning from last season.

The number one player is Beth Keffer. Beth, a senior, has played in that position for the past two years as well as this season. She brings a lot of experience to the game.

Number two Marty Miller is the other returning player. The sophomore played from the number three spot last year.

Rounding out the top five are Cindy Brubaker, a junior, senior Darlene Mus-

ser, and freshman Jenny Crider.

The team got off to a slow start, losing to Cedar Crest, 5-2, Manheim Central, 5-2, and McCaskey, 4-3.

"The kids were really nervous," Coach Etsell explains. This was due to their inexperience, she

feels.

The girls got over their nervous feelings for the next three meets, defeating Conestoga Valley 5-2, Elizabethtown 5-2, and Garden Spot 6-1.

Looking ahead to this week's meets, Coach Etsell thinks the team will win

against Columbia, but she admits that Warwick, a non-league meeting, will be pretty tough to beat.

"We just have to wait and see how it comes out," she says. "That's how we are approaching the whole season. We will just wait and see what happens."

Good attitude on soccer team

The Donegal Soccer team is quite enthusiastic this season, according to Coach Bernie Thome. The booters, who have a two loss and two tied league record, meet Elizabethtown today, at home, and Hempfield Friday, away.

"E-town has a strong team. They just defeated McCaskey 8-3," says Thome, "but I hope, rather I know, that we will get up for

that game."

Hempfield will be tough also, according to Thome. "They are one of the top teams, if not the top team, in the league."

Thome feels it is very important for the Donegal team to win some games right now to keep the good attitude. "If our wins could match our attitude, we'd be doing great."

The team consists of a

pretty good mixture of returning players and young players.

Strong players in the front line include Tom Hatt, Dwayne Truett and Curt Steinhart.

Strength in the backfield comes from Scott Steffen, Bob Wilkenson, Dick Oberholzer and Mark Herman, and "Rusty Flowers does a

Jaycees sponsor mixed run

The Mount Joy Jaycees are sponsoring three runs on Saturday, October 4. Two of the runs will be "Mixed Doubles" runs.

This unique even is being held to encourage male-female running teams as well as individual runners. Three runs—of five miles, two miles, and one mile (a short run for kids under the age of 12)—will start and end at the Mount Joy Vo-Tech School. The two-mile and one-mile courses are mostly flat. The five-mile run is hilly, and will challenge even the most experienced runners. This course will pass scenic spots
