DHS to sponsor Maynard Ferguson Orchestra

The Maynard Ferguson Orchestra will be appearing at the Donegal High School Auditorium on Wednesday, October 29, 1980, at 8 pm.

The thirteen member contemporary Jazz-Rock Band is now touring in the California area and will

arrive in Pennsylvania about the middle of the month to do shows at such places as Bloomsburg State College and Indiana University of Penna.

The band has played at a number of places including the Merv Griffin Show,

various night clubs and for the closing ceremonies of the 1976 Olympics in Montreal.

The most recent concert performance in this area was at the York Strand-Capital Performing Arts Center in July.

The Donegal band club feels the Maynard Ferguson Orchestra will provide a very entertaining evening for everyone because they play a variety of music.

For ticket information, contact any Donegal High School band member, or call the school at 653-1871.

In 4-H

Private Sector Support Plays Important Role

Approximately 275 young people will receive \$250,000 in national 4-H scholarship awards this year; thousands more will attend citizenship, leadership and international training programs at the National 4-H Center in Washington, D. C. ; and some 2,800 volunteer leaders and 3,000 extension professionals will take part in regional and national staff development training sessions this year.

All of this and more is made possible by the private sector's support of 4-H on the national and local levels. In communities across the land, 4-H thrives because this unique partnership of the public and private sectors brings youth work of the Cooperative Extension Service not only financial support, but active involvement in educational programs, as well. Many business men and women volunteer their time to share expertise with young people.

At the national level, private support for 4-H is channeled through National 4-H Council, a not-for-profit educational organization dedicated to using private resources to complement the 4-H youth program. Council programs make possible incentives and recognition, educational travel, international exchange, citizenship and leadership training, development of educational aids and innovative programs, plus specialized training for volunteers and staff.

In 1979, nearly 2,000 corporations, foundations, businesses and individuals contributed to 4-H programs and activities through Council.
