Donegal school board accepts new contract

The Donegal School Board, at last Thursday's meeting, accepted the new two-year teacher's contract ratified by the Donegal Education Association October 1.

The contract is for 1980-81 and 1981-82 with the effective date set at October 16, 1980.

The average increase in 1980-81 salary is \$1,504 (10%) average; and for 1981-82, \$1,541 (9.4%) average.

The beginning salary for a teacher with a bachelor's degree in 1980-81 will be \$10,200, and in 1981-82 it will be \$11,050.

The contract provides dental insurance for employees but not for dependents.

Complete details of the new contract will be made available at a later date.

In other business, the board voted to install a dual conversion at the high school. The burner would depend mainly on natural gas and use oil as a stand-by fuel. Should gas and oil prices even out over the next several years, the district will have a choice of fuels.

The district anticipates a \$25,000 per year savings on fuel. There is also the possibility of a reimburse-

ment from the state for the conversion.

Mr. William Loerher, boys' tennis coach, offered a possible solution for repairing the tennis court. A repair company will make two sample patches on the peeling surface before winter. Resurfacing work would be done in the spring.

ZEMCO, the company responsible for making repairs to the high school track, has not yet visited the school. They had promised to come during the first two weeks in October.

A request to purchase a new master clock for the Maytown building was granted. Bought from the Simplex Company, the clock will cost \$1,250.

The board also agreed on the request to purchase a 12 horse power tractor mower with snow blade for the Seiler building. The lowest quote received on the tractor was \$2,450.

The board also accepted the recommendation of BASCO engineer for specifications and supervision for the replacement of the Grandview boiler. Mr. Chris Fry is the engineer for BASCO. His services are not to exceed 12% of construction costs estimated at [continued on page 5]

Rick Funk leads Donegal Indians football team to 27-6 victory over A-C Little Dutchmen

Led by running back Rick Funk, the Donegal Indians turned in their best offensive performance of the season as they overran

Annville-Cleona's Little Dutchmen 27-6 last Friday. Funk churned out 272 of the Indians' 359 total yards. In the entire history of

Donegal High School, only three or four athletes have gained more yards in a single game. Had it not been for a controversial penalty which canceled 30 yards of a 60 yard touchdown run, Funk would have broken the 300 yard mark, setting a new school record.

Quarterback Darrel Risberg also had a good night, connecting with two of his four attempted passes for 40 yards and one touchdown.

Touchdowns were scored by Ron Kennedy, Funk (he had two) and Steve Bowman (who hauled in Risberg's pass to score).

On defense, Ron Kennedy had a great night with two pass interceptions and six solo tackles. Darrin Kolp made five solo tackles and assisted in bringing down five other runners.

Next Friday night is homecoming at Donegal. The Indians will be facing Norlebc, a team with giant linemen and a good quarterback, but not much speed. Donegal has an excellent chance to win this game, and the following two, to finish the season with a

strong record.

At the game, 200 miniature footballs will be distributed to the fans, courtesy of Twin Kiss.

Rick Funk

The Susquehanna River is very low this year due to the very dry weather. Some very interesting and geologically important "pot hole" rocks have been exposed in the Falmouth area because of the low water. Above, Joyce Thomas, 28 Front Street, Marietta, gets a close look at some of the pot holes, while some local kids, below, enjoy the fun of "falling" into the holes. While exploring the holes, the local group came across some names and initials deep inside the holes, including an October 1, 1909 recording of B.W. Raine's explorations. The photos were sent to us by Joyce, an employee of Herr's Market, Marietta.

'DHS over Norlebc,' says Predicto

Doktor Predicto has applied all of his massive brain to this weekend's football prediction, including a 34-6 victory for Donegal over Norlebc.

"It's all downhill for Donegal," Predicto told our sports editor. "They have seen the toughest part of the season and should finish very strong. The prediction of Donegal

over Norlebc is especially good to hear, for this week is homecoming at Donegal.

Dr. Predicto's other forecasts follow:

SECTION I

Lanc. Cath. over Muhlen.
Cedar Crest over Lebanon
Wilson over CV

McCaskey over Man. Twp.
Gov. Miff. over Hempfield

SECTION II

Man. Central over PM
Ephrata over E-town
Columbia over Solanco

SECTION III

Donegal over Norlebc
Garden Spot over Leb. Cath.
Ann.-Cleona over Cocalico
ELCO over L-S
