## Congressman Bob Walker putting us first.

Congressman Bob Walker has a record of putting us — our views and our needs — first.

It has been that way since we first sent him to Washington to represent us. It will be that way when we vote on November 4, to send him to Congress again.

He has put us first in his actions on such controversial subjects as national defense, public school prayer, waste and abuse of federal tax dollars, discriminatory quotas in jobs and education, preserving farmland, producing more energy, tightening welfare programs, and much more.

At the same time, he continues to put us first in local service and a commitment to making Congress work harder and smarter for all of us ... here and throughout our nation.

Congressman Bob Walker. He's putting us first. Let's put him in Congress again.
