Christmas tree safety

The Lancaster County Consumer Protection Commission has composed a written report on Christmas tree safety. Anyone that would be interested in this free information should contact the Commission's office at 299-7921 or by visiting the office at 900 East King Street, Lancaster.

A few things to remember when selecting a Christmas tree:

1. Check the tree for freshness. Brittle branches and shedding needles are a sign of dryness; fresh needles bent between the fingers won't break.

2. When you bring the tree home, keep it outside (if possible) until you are ready to decorate it. Keep its base

in water. When the tree is brought in, cut the butt end diagonally one or two inches above the original cut. Place the tree in a sturdy holder with a wide base.

3. Fill the holder with water until the cut line is covered and keep the water at this level while the tree is in use, refilling it every day if necessary.

4. Set up the tree a good distance away from any heat source.

5. Dispose of the tree when the needles begin to fall off in large quantities. This is a sign that it is becoming dangerously dry.

The Lancaster County Consumer Protection Commission would like to wish everyone a safe and pleasant holiday.

Chiques AAA basketball begins fifteenth season

On Monday, November 17, the Chiques A.A.A. Basketball League opened its 15th season of play with two games at the Columbia Armory.

All games will be played at the Armory this season, once a week, either Sunday afternoon or Monday night. The program included a

14-game schedule and an All-Star game.

Results from November 17 were: Louisville by UCLA, 74-71; and Purdue over Iowa, 74-69.

Standings	W	L
Louisville	1	0
Purdue	1	0
Iowa	0	1
UCLA	0	1
