Wash your down-filled garment

If you have recently invested in a down-filled jacket, vest or coat, you'll be glad to know that it can be washed as well as dry cleaned.

When washing a down-filled garment use warm—never hot—water, and a mild soap. Special down soaps are available, but

aren't necessary.

Whether you wash the garment by hand or on the delicate cycle of your washing machine, submerge it, then squeeze it for several minutes to make sure all the air has been pushed out. Handle the garment carefully and never wring or twist it.

Proper rinsing is very important. Any soap or detergent not rinsed out will cause the down to clump together and will reduce its insulating ability. The weight of a wet filling can strain or tear seams and even force the down through
