DOCTOR

CULLEN'S INDIAN Vegetable Panacea.---Messrs. Rowand & Walton: Gentlemen,—Having experienced the extraordinary efficacy of your Dr. Cullen's Indian Vegetable Panacea upon my own person, a feeling of gratitude for your wonderful discovery, and a desire that your Medicine should be known and appreciated by the public, has induced me thus voluntarily to give *you an account of my case*, hoping that others who may be so unfortunate as I have been, may be induced to throw prejudice aside and give your Panacea a fair trial.

In February, 1846, a lump or Tumor first appeared upon the spine of my right leg, and another on the lower part of my breast near the junction of the ribs; they increased gradually until the early part of June, about which time they became very painful. In July, the Tumor on the leg ulcerated and became a running sore, *extending itself, until it was half the size of a man's hand*, and had eaten into the bone, and one or two smaller ulcers appeared below, near the ankle. My physician and others pronounced it Scrofula. Up to this time every *remedy* used gave no relief; the leg continued to get worse; during the early part of August my sufferings were intense: I neither went to bed nor slept regularly for nearly two weeks, being compelled to set up, with my leg supported on a chair. About this time, my son *brought home with him from Cincinnati market one of* your Circulars, which had been thrown into the wagon. I read it, and knowing some of the signers to the Certificate of the case of Mr. Brooks, and believing from my *knowledge of their characters, that they would not lend* their names for the purpose of palming an imposition upon the public, I concluded to try what effect it would have upon me. On the 20th of August, I procured the *first bottle, commenced taking it according to directions*, and in four hours the pain was so much relieved that I fell asleep, and enjoyed that greatest of blessings, a few hours repose I continued using it until the 28th of August, when I found myself so much better, that I went to Cincinnati to your Agent, Mr. J. W. Danenhower, with whom I made arrangements to take 20 bottles, provided he would guarantee *it to cure me.* He agreed to do so, and gave me the privilege of stopping short of the 20 bottles, whenever I considered myself well. I now felt encouraged, and continued to use it under Mr. D.'s instructions, until I had taken 12 bottles, (using no other medicine whatever,) when I found myself entirely well, the Tumor on my breast having softened, opened, came out, and was healed up when I had taken 6 or 7 bottles. I will here observe, that for many years I had been troubled with a kind of dry Tetter, which greatly annoyed me, particularly when heated or warm in bed; I have felt nothing of this since taking your medicine, and have no doubt that my system is now entirely free from disease, *my general health never having been better.*

On the 3d of December, I again called upon Mr. Danenhower. I then pronounced myself well, and offered to *give him a Certificate to the effect, which I promised* to send him in a few days A short time after this, whilst killing my hogs, I hurt the same leg badly, in consequence of which I postponed giving the promised Certificate, wishing thoroughly to test the permanency of the cure. I now used nothing but the usual simple remedies for *fresh wounds*, and found my flesh perfectly healthy, and in the usual time for such cases my leg healed. Sufficient time elapsed to convince me that I am now a sound man, and that I have been cured by your Panacea alone. In short, I have every confidence in its virtues. Persons desirous of obtaining further particulars, can be gratified by calling at my residence. DAVID KIRGAN.
