CONSUMPTION CURED.

CLEANSE AND STRENGTHEN.

CONSUMPTION CAN BE CURED.

Bronchitis, Consumption, Liver Complaint, Colds, Coughs, Catarah, Asthma, Spitting of Blood, Soreness in the Chest, Hecuc Flush, Night Sweats, Difficult or Profuse Expectoration, and Pain in the Side, &c., have and can be cured.

Probably there never was a remedy that has been so successful in desperate cases of consumption as this; it cleanses and strengthens the system, and appears to heal the ulcers on the lungs, and the patients gradually regain their usual health and strength.

CURIOUS CASE OF CONSUMPTION.

There is scarcely a day passes but there are a number of cases of Consumption reported as cured by the use of Dr. Townsend's Sarsaparilla. The following was recently received:

Dr. Townsend—Dear Sir: For the last three years I have been afflicted with general debility, and nervous consumption of the last stage, and did not expect to ever gain my health at all. After going through a course of medicine under the care of some of the most distinguished regular physicians and members of the Board of Health in New York and elsewhere, and spending most of my earnings, in attempting to regain my health, and after reading in some paper of your Sarsaparilla, I resolved to try it.—After using six bottles I found it done me great good and called to see you at your office; with your advice I kept on, and do most heartily thank you for your advice. I persevered in taking the Sarsaparilla, and have been able to attend to my usual labors for the last four months, and I hope by the blessings of God and your Sarsaparilla to continue my health. It helped me beyond the expectations of all who knew my case. CHARLES QUIMBY.

SPITTING BLOOD.

Read the following, and say that Consumption is incurable if you can:

New York, April 23, 1847.

Dr. Townsend—I verily believe that your Sarsaparilla has been the *means, through Providence, of saving* my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla but a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am *thankful* for these results. Your obedient servant.

WM. RUSELL, 65, Catharine st.

TWO CHILDREN SAVED.

Very few families indeed—in fact we have not heard of one—that used Dr. Townsend's Sarsaparilla in time lost any children the past summer, while those that did not *sickened and died. The certificate we publish below is* conclusive evidence of its value, and is only another in*stance of its saving the lives of the children:*

D. Townsend—Dear Sir: I had two children cured by *your Sarsaparilla of the summer complaint and dysentery;* one was only 15 months old, and the other 3 years. They were very much reduced, and we expected they would die; they were given up by two respectable physicians. When the doctor informed us that we must lose them, we resolved to try you Sarsaparilla we had heard so much of, but had but little confidence, there being so much stuff advertised that is worthless; but we are very thankful that we did, for it undoubtedly saved the lives of both. I write this that others may be induced to use it.

Yours, respectfully, JOHN WILSON, Jn.

Myrtle-Avenue, Brooklyn, Sept. 15 1847.

LUNATIC ASYLUM.

*James Cummings, Esq., one of the assistants in the Lu*natic Asylum, Blackwell's Island, is the gentleman spoken of *in the following letter:*

RHEAUMATISM.

This is only one of more than four thousand cases of rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues:

BLACKWELL'S ISLAND, Sept. 14, 1847.

DR. TOWNSEND—Dear Sir: I have suffered terribly for nine years with rheumatism; considerable of the time I could not eat, sleep or work; I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your sarsaparilla, and they have done me more than one thousand dollars' worth of good—I am so much better. Indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.

Yours, Respectfully,

JAMES CUMMINGS.

TO THE LADIES.

DR. TOWNSEND'S SARSAPARILLA is a favorite of the Ladies It relieves them of a great amount of suffering, and gives them fine complexions, and buoyant spirits. Mrs. Parker kindly sent us the following:

SOUTH BROOKLYN, Aug., 17, 1847.

DR. TOWNSEND—Sir: It gives me pleasure to testify to the beneficial effects I have experienced from the use of your Sarsaparilla My system was very much reduced by nervousness and general debility, and with a variety of female complaints. I read your advertisement, and was induced to try the effect of your remedy. It restored me to a better state of health. I had not enjoyed for several years previous to taking it; and I so most cheerfully recommend it as a valuable medicine to all who are afflicted as I have been.

MRS. PARKER, Baltic st, South Brooklyn

LADY SAVED.

The following is from a very respectable farmer residing at Hempstead:

DR. TOWNSEND—Dear Sir: My wife has been suffering so severely from the Dyspepsia and general derangement of the system, that we supposed she must die. The Physicians could not resist the disease, and she would have died beyond doubt if we had not given her your Sarsaparilla. It has saved her life certainly. She is almost entirely relieved, and is gaining strength and health. She still continues the use of it.

Yours, respectfully, ELIZA ABRAM.

LIVER COMPLAINT.

NEW YORK, SEPT. 9, 1847.

DR. TOWNSEND:—Dear Sir—I am constrained, as an act of justice, to publicly acknowledge the great benefits received from the use of your Sarsaparilla, being in town about two years since in a very weak and debilitated state. My disease was a chronic inflammation of the liver and stomach, and, as many thought consumption: I was so reduced that I had very little hope of recovery. Hearing and reading considerably of the effects of your medicine, I resolved to try it, though I entertained a prejudice against advertised remedies I had taken the medicine but a short time, and began to recover gradually and continued to get better, and am now well. Indeed I am so much improved that my friends scarcely recognized me when I returned to the city. You are at liberty to publish this if you think it will extend the use of your excellent remedy. T. TIWING.

DR. DRAKE'S PANACEA,

THE only radical cure for Consumption!! It also removes and permanently cures all diseases *arising from* an impure state of the blood, viz:

Scrofula or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Pustules on the face, Blotches, Biles, Chronic Sore Eyes, Ring Worm, or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatica or Lumbago, Diseases arising from an injurious use of Mercury, Dropsy, Exposure or Imprudence in life. Also, Chronic Constitutional Disorders.

In this medicine several innocent but very potent articles of the vegetable kingdom are united, forming a compound entirely different in its character and properties from any other preparation, and unrivalled in its operation on the system when laboring under disease. It should be in the hands of every person, who by business, or general course of life, is predisposed to the very many ailments that render life a curse, instead of a blessing, and so often result in death.

CONSUMPTION.

The following testimony is from an able practitioner of this city:

PHILADELPHIA, December 14, 1847.

Dear Sir:—In reply to your question respecting the use of Dr. Drake's Panacea. I will say that although a perfect disbeliever in the existence of a Panacea, or cure for all diseases, however valuable it may be in certain conditions of the system, still I have believed that a cure for Consumption would be discovered sooner or later, and was led to try your medicine in two very inveterate cases. They were pronounced by the attending physicians to be PULMONARY CONSUMPTION, and abandoned by them as incurable. One of the persons had been under the treatment of several very able practitioners for a number of years, and they said she had "old fashioned Consumption combined with Scrofula," and that she might linger for sometime, but could not be permanently relieved. In both cases the effect of the Panacea has been most gratifying. Only four or five bottles were used by one of the persons before she began to improve rapidly. The other took about ten. They are both well. I will only add, that familiar as I am with Consumption by inheritance and by extensive observation as a study, and knowing also the *injurious effects in nine cases out of ten of tar, boneset,* and other vegetable tonics, as well as of many of the expectorants and sedatives, I should never have recommended the use of Drake's Panacea if I had not been acquainted with the *ingredients.* Suffice it to say these are recommended by our most popular and scientific physicians, *and in their present combined state, form* probably the best alterative that has ever been made. The cure is *in accordance* with a *theory of Consumption* broached in France a few years ago, by one of her most eminent writers on medicine, and now established by facts which admit of no dispute. Very Respectfully Yours,

L. C. GUNN, Corner Chest. and Fifth st.

LIVER COMPLAINT AND DYSPEPSIA

Astonishing cure of Liver Complaint and Dyspesia, in connection with General Debility of the whole system:

PHILADELPHIA, March 7, 1843.

Messrs. STORR & Co.—Gentlemen:—My wife has been for several years afflicted with a pain through her right side and shoulder, accompanied with chills through her whole system, and *almost constantly a sick stomach*, attended with pain, invariably after eating or drinking; so much so as to deprive her of all satisfaction in attempting to eat, even if she had a desire for food, which was not often the case, as her appetite was completely gone. A friend persuaded her to give DR. DRAKE'S PANACEA a trial and I am now happy to say the first bottle gave her relief. Our family physician examined the Panacea, and approved of her using it. She has taken three bottles since, and is greatly benefitted. She has now a good appetite, and can eat her meals with satisfaction. The chills, pain, and sick stomach have entirely left her, and we feel confident that the Panacea has effected a compete cure of her difficulties, and would recommend to all who are afflicted as she has been to try Dr. Drake's Panacea.

WILLIAM ASHMAN,

No. 334, North Third Street.

The above are but a few of the numerous testimonials we are constantly receiving, of the wonderful efficacy of Dr. Drake's Panacea. It is a pleasant, yet most searching remedy; and the first trial will prove its power. Its reputation has increased since its introduction to a degree *hitherto unknown in all medical discoveries.*

With the firm conviction that no other remedy, so called, of the present age, is equal to this, and that the theory upon which it is compounded is now firmly established to be *overthrown*, the *proprietors solicit a trial* of Dr. Drake's Panacea, willing to stand or fall upon its own merits, well satisfied it will sustain the reputation it has already acquired.

☞CAUTION.—The genuine DR. DRAKE'S PANACEA is put up in large square bottles—it has the signature of *Geo. F. Storrs* on the wrapper—and also the name "Dr. Drake's Panacea, Phila." blown in the glass

WRIGHT'S

INDIAN VEGETABLE PILLS IN THE CITY OF MEXICO!—GREAT SUCCESS AMONG THE VOLUNTEERS!—LETTER FROM A HIGH SHERIFF OF SOUTH CAROLINA!

Extract of letter from the editor of the Greenville Mountaineer, S. C.

DR W. WRIGHT—Dear Sir:— * * * A week or two ago I sent you a MOUNTAINEER, containing a letter from one of our Volunteers in the City of Mexico, in which he pays WRIGHT'S INDIAN VEGETABLE PILLS, under the circumstances, the highest meed of praise I have ever known a medicine to receive. The Volunteer, William W. Goodlett, Esq., is a gentleman of fine standing—an accomplished and well educated man, and was recently

HIGH SHERIFF

Of this District. By one of your advertisements in a Charleston paper. I happened to notice the location of your office, and thought you might extract an article of some value in regard to your medicine, therefore I sent the paper.

The following is an extract from the letter referred to *above:*

"My health is very fast improving. I procured a few days ago, some of *Dr.* Wright's Indian Vegetable Pills, and they have acted on my system

LIKE MAGIC!"

Thus it appears that the brave and patriotic Volunteers who have gone to Mexico, to defend the rights and honor of their country, already begin to realize the extraordinary value of this incomparable medicine. Long life to them!

HORRIBLE MISTAKES!!

Are sometimes made by *confounding one medicine* with another, and administering the wrong [illegible] horrible to those mistakes [illegible] that all pills are alike, [illegible] which are taken, and [illegible] This is a very great mistake. There is a great difference between Wright's Indian Vegetable Pills and other pills, as between intelligent and [illegible] We do not wish any to take our pills [illegible] any one, having taken other medicines for [illegible] more will be necessary

Many persons have been induced to try a COATING OF SUGAR, as if they anticipated that it would remove the nausea of the Medicine But they are generally mistaken. Without the SUGAR those articles have nothing to recommend them, and would not be sold a single day. But with the sugar, and by giving the article a name SIMILAR to Wright's Indian Vegemble Pills, they gain a temporary notoriety. WOLVES they are, in sheep's clothing, of *whom the public should steer sufficiently clear.*

Let it be remembered that WRIGHT'S INDIAN VEGETABLE PILLS are *prepared with special reference to the laws governing the human body. Consequently,* they are always good, always useful, always effective in rooting out disease. Every family should keep them at hand.

PREMIUM PLATES for the subscribers to the Columbian Magazine Sent by mail to any part of *United States, free of postage.*

The Columbian Magazine, for 1848, edited by John Inman and Robert A. West A repository of the choicest American literature, entirely original, and of the most costly original embellishments

The Columbia Magazine enters upon a new year with prospects increasingly bright and promising. It has attained a proud position in the public estimation. The press universally, and with a generous kindness which the Proprietor gratefully acknowledges, has borne testimony to the superiority of its literature and the profusion and elegance of its embellishments; while its immense and constantly increasing circulation, shows that the press has but uttered the general sentiment, and affords such agreeable evidence that it has met the expectation of all, that it seems to the Publisher almost unnecessary to speak of the future

It cannot be necessary to say much of the conduct of the literary department of the Columbian The gentleman who have so long and satisfactorily discharged that duty, continue their efficient services, and the Publisher is happy to announce that he has made arrangements with several of the most distinguished writers in the country, whose regular contributions will enrich the Magazine; while, as heretofore, the merit of an article, quite as much as the fame of its writer, will be the passport to its pages. Elevated sentiment and pure morality will distinguish all the literature of the Columbian Magazine.

The paper on which the Columbian will hereafter be printed, is manufactured expressly for the purpose, by one of the largest and most highly esteemed makers in the Union, and the typography will be of proportionate neatness and elegance.

The Publisher respectfully solicits from authors, artists, subscribers and agents, a continuance of the confidence hitherto so generously awarded the Magazine. As an earnest of the liberality with which he intends to conduct that department of the work, he has prepared, at a large outlay, a magnificent full length Portrait of Washington, price two dollars, in supple and mezzotint, which will be presented, gratis, free of postage, to every yearly subscriber to the Columbian Magazine, who will send to the Publisher $3 in advance, postage paid. It is an engraving of such superior merit, and the subject is of such profound and abiding interest, that he cannot doubt that the gift will highly gratify the receiver, and largely swell the list of his subscribers. He annexes, also, the following unusually liberal terms of publication, it being understood that the subscriptions are in cash:

For $3, the Magazine and Engraving of Washington.

For $5, two copies of the Magazine, and the Engraving with each.

☞The great National Picture of the Declaration of Independence, just published. This picture, which was painted by Col. Trumbull for the Rotunda at Washington, and originally engraved on copper by Mr. Durand, has been re-engraved on steel, and is the result of two years' labor. It contains portraits of all the signers, and should be the Republican Emblem in the home of every American citizen. The size of the engraving is 21 by 31 inches; it is printed on the best plate paper, 25 by 38 inches. Price, $3.

Every person who will send to the Publisher of the Columbian $4, post paid, shall receive a copy of this Engraving and a copy of the Magazine for one year,—the engraving free of postage. For $5, the Magazine, Engraving of Washington, and Declaration of Independence.

THIS ATTNETIVELY! Doctor Hofland's Celebrated

GERMAN BITTERS,

Will effectually cure the Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Indigestion, Flatulence, Asthma, Diabetes, Disease of the Kidneys, Pulmonary Affections, (arising from disease of the *stomach and* liver,) and all diseases arising from a weak or disordered stomach in both Male and Female, such as *Female* Weakness, Dizziness, Fullness or Blood to the Head, Inward Piles, Fluttering of the Heart, Difficulty of Breathing, Constant Imaginings of Evil, Great Depression of Spirits, Dimness of Vision, Pain in the Side, *Back, Breast,* or Limbs, Cold Feet, &c.

They remove all acidity, and give *tone and action to* the stomach, and assist digestion; they contain no alcoholic stimulant, and can be taken by the *most delicate* stomach, and will in every case entirely destroy Costiveness, and renovate the whole system, removing all impurities from the body, and remnants of previous *diseases*, and give health and vigor to the whole frame, thereby preventing frightful dreams, walking while asleep, &c., which often results in accident.

The functions of the stomach are of the utmost *importance* to every one, constituting the source and fountain of life, which is nutrition. No organ possesses such remarkable sympathies, none such remarkable power in modifying every part of the system. A greater number of persons fall victims to the harrassing of Constipation and Dyspepsia, and more organic diseases commencing in the digestive system, than all other diseases combined. The many thousands who die with Yellow Fever, Cholera, Influenza, and other epidemics, is owing to disease or derangement there. If the digestive system is in perfect health, the nervous system and the circulation of the blood will be also, as upon it they depend, then epidemics loose all their terror.

Those living in, or visiting districts harrassed with FEVER AND AGUE annually, will find that by the *timely* use of one or two bottles to renovate and strengthen the system, no excess of bile will accumulate, and they will not in any one instance take the disease. Prevention is far better than cure.

The rare success in treating diseases of the stomach successfully, has not been so much a want of pathological knowledge of its functions, as the preparation of suitable Vegetable compounds, so as to obtain not only their whole power, but as they would be most effectual and grateful.

We are all aware that too many preparations have been, *and are now before the public*, that act only as palliatives, and some that change the locality of the disease, or prevent it for a short period, then it returns more formidable than in the first instance. Such preparations have destroyed the public confidence. The article standing alone in its number of cures, and unrivalled, as thousands of our citizens can attest who have tested its virtues, can always be depended upon for the above named diseases. It will cure any case that can be cured by medicine, no matter who, or what else has failed; it will perfectly restore the diseased organic functions of the Stomach, Intestines, Respiration, Circulation, &c.

LITTELL'S LIVNIG AGE.

PUBLISHED every Saturday.—Terms 12 1-2cents a number, or six dollars a year, in advance.—This work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was originally projected by the publisher of the last twenty years,) but as it is twice as large, and appears so often, we not only give spirit and freshness to it by many things which were excluded by a month's delay, but while thus extending our scope and *gathering a greater and more attractive variety*, are able so to increase the solid and substantial part of our library, historical, and political, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of the Edinburg Quarterly, and other Reviews: and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid description of rural and mountain Scenery, and the contributions to Literature, History, and Politics, of the various Superior and the sparkling Examiner, the judicious Athenæum, the busy and industrious Literary Gazette the sensible and comprehensive Britannia, the sober and respectable Christian Observer: these are intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hendrie's, and of Chambers' admirable Journal We do not consider it beneath our dignity to borrow wit and wisdom from Punch: and, when we think it good enough, make use of the thunder of the The Times. We shall increase our variety by importations from the continent of Europe, and from the new growth of the British Colonies.

The steam-ship has brought Europe, Asia, and Africa into our neighborhood: and will greatly multiply our connections as Merchants, Travellers, and Politicians, with all parts of the world: so that much more than ever it now becomes every intelligent American to be informed of the condition and doings of foreign countries. And this not only because of their nearer connection with ourselves, but because the nation seems to be hastening through a rapid process of change, to some new state of things, which the keenly political prophet cannot compute or foresee.

Geographical discoveries, the progress of Colonization, (which is extending over the whole world,) and Voyages and Travels, will be favorite matter for our selections; and, in general, we shall systematically and very sedulously acquaint our readers with the great department of Foreign affairs, without entirely neglecting our own.

While we aspire to make the Living Age desirable to all who wish to keep pace with the rapid progress of the movement—to Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure—it is still a stronger object to make it attractive and useful to their Wives and Children We believe that we can thus do some good in our day and generation: and hope that the Living Age may be welcome to every well informed family. We say *indispensable*, because in this *day of cheap literature* it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite *must be gratified.*

We hope thus, by winnowing the wheat from the chaff," by *providing abundantly* for the imagination and by a large collection of Biography, Voyages and Travels, *History and more solid matter*, we may produce a work which *shall be popular*, while at the same time it will aspire to raise the standard of public taste.

TERMS.—The Living Age is published every Saturday, by E. LITTELL & Co., corner of Tremont and Broomfield sts., Boston—Price 12½ cents a number, or six dollars a year in advance. Remittances for any period will be thankfully received and promptly attended to. ☞ To insure regularity in mailing the work, orders should be addressed to the office of publication, as above
