TESTED BY
THOUSANDS! Wright's Indian Vegetable Pills. Scarcely have ten years elapsed since a humble countryman first commenced in a valuable medicinal preparation, a few of the herbs of the Indian. All was dark at the time as to the result. The most that could be estimated was, that the principles adopted as the basis to build upon were sound. So much reliance was placed upon calomel and the lancet, that the ill success of the new experiment would have tended to confirm that reliance, while it shook the purpose of the doctor.
Now, however, all doubt and difficulty is at an end. Everywhere these pills are used, and the most gratifying success. From small beginnings its sales are no longer counted.
BY MILLIONS!
and it is held in higher estimation at the present time than when it was originally introduced.
FEVERS.
Fever, like every other form of disease, are only a clog of nature to expel from the body something that opposed to health; it is merely a struggle between the good and bad humors for supremacy, and the common cause of all fevers is the same. The usual symptoms of Fever are heaviness of the head, anxiety, sighing and yawning, with alternate fits of cold and heat after which the patient complains of pain in the head and back, listlessness of breathing, pain in the limbs, a sense of fullness about the region of the stomach, nausea and sickness, with sometimes vomiting of bile and mucus.
Wright's Indian Vegetable Pills will be found peculiarly adapted to the cure of ALL kinds of fevers, because they are very cooling and purgative, and they operate on all bilious humors, but they open those excretory vessels which empty into the bowels; and consequently, the impurities of the blood, which are the cause of all disordered motions of the blood, called Fevers, are thrown into the bowels, from whence it is carried off by the natural evacuations of the body.
In using Wright's Indian Vegetable Pills for Fevers, the only care necessary is, to have the medicine operate on the bowels, and to give the pills in small doses, from four to eight pills should be taken, night and morning, until the fever subsided; after which smaller doses may be taken, until the patient is well, and the body is returned to a sound state of health.

REMOVAL.
THE UNDERSIGNED takes this medium to inform his friends and the public that he has removed from his former residence to the new building of the CONSUMPTION EXTRACT, and having recovered his health so as to be able to attend to business would respectfully request to give him a call, feeling well assured from the liberal patronage that he has heretofore received, that he will be able to give satisfaction to all who may give him the honor of their patronage. He would not say that he is the only one in the place who can make good work, not wishing thus to puff himself to notice, but he trusts that the public, who are entrusted to him shall be executed in a neat, fashionable and substantial manner. He keeps constantly on hand a large assortment of Cashmere, & Venetian, which will be sold at very small advances.
