 Twenty-one department heads at the Edgar Thomson Steel Works, of the Carnegie Company, at Braddock, have received blocks of company stock ranging from \$30,000 to \$60,000 each. In each case the 5 per cent. interest guaranteed on the bonds will produce an amount equal to the recipient's salary. At other plants it is said similar awards for this purpose as rapidly as the department heads are thought to deserve it. The beneficiaries at Braddock have their pay doubled by this arrangement, and in addition will have the principal of the bonds when they are due. Camille Mercader, chief draughtsman of the company, who is said to be a Hungarian count, was given \$75,000 worth of bonds.

One of the worst fires in the history of Bradford occurred Friday morning. It originated in the livery stable of Frank P. Beamer and consumed a dozen buildings, including the \$35,000 city hall. Thirty-seven horses in one livery stable perished in the flames, and the \$10,000 library of Brown & Schoonmaker, city attorneys, was totally destroyed, together with valuable maps. The fire was discovered at 3.30 A. M., and it burned fiercely until 5.30, when the firemen gained control of the flames. The fire burned buildings on three streets, Kennedy and Boylston streets and Patent avenue. The loss is estimated at \$150,000. The city records were in fireproof vaults and were not damaged.

While driving from Factoryville to Scranton, John McNulty had an exciting experience with a bear which rushed from the woods adjoining the road. McNulty had a quantity of meat in the wagon and this first attracted the attention of bruin. While the bear was munching the meat, McNulty left his horse and wagon and fled to a house some distance away for help and a gun. A crowd of hunters was organized, but when they arrived on the scene bruin had finished his meal and disappeared again in the woods.

Miss Elizabeth Huey, of Reading, fell dead in the drug store of John B. Raser & Son. After the body had been removed to the morgue three purses were found on her person. Two of them were sewed into the lining of her skirt. In addition, gold and greenbacks were concealed in various parts of her clothing. The money aggregated \$700. Of this \$450 was in gold. Death was said to have been caused by heart disease.

Mrs. Sarah Kelly, of Pittsburg, Friday evening gave a party to celebrate her 107th birthday. She was born in Ireland in 1794. Mrs. Kelly is able to read the daily papers regularly without the use of glasses, and her memory is good as to events which occurred in the early part of the last century.

A fire in the plant of the Pittsburg Oil Refining Company, at Coraopolis, destroyed the main refining building, the waxhouse, compound houses, filtering houses and boiler house and spread to the tanks, 100 in number. The buildings destroyed covered four acres and the loss may be \$70,000.
