Not a Waste of Time.
"Education is a good thing, Limpy,
an' don't you run it down."
"Ever git any of it, Weary?"
"Me? Well, I shoulud say yes. I
went to night school all one winter."
"An' what did you git to show for
it, Weary?"
"What did I git? I got four over-
coats, three hats and seven umbrellas.
Don't you tell me that goin' to school
is a waste o' time."—Cleveland Plain
Dealer.

Hearts Not Trumps.
"O darling!" exclaimed the young
man, as a look of pain chased itself
across his open-faced countenance, "you
have broken my—"
"Your heart?" interrupted the maiden
fair. "I am so sorry."
"No, not my heart," he rejoined, "but
every cigar in my vest pocket—and they
cost ten cents apiece, too."

amount equal to the recipient's salary.
At other plants it is said similar awards

heads are thought to deserve it. The
beneficiaries at Braddock have their pay
doubled by this arrangement, and in ad-
dition will have the principal of the
bonds when they are due. Camille Mer-
cader, chief draughtsman of the com-

One of the worst fires in the history
of Bradford occurred Friday morning.
It originated in the livery stable of
Frank P. Beamer and consumed a dozen
buildings, including the \$35,000 city hall.
Thirty-seven horses in one livery stable
perished in the flames, and the \$10,000
library of Brown & Schoonmaker, city
attorneys, was totally destroyed, to-
gether with valuable maps. The fire was
discovered at 3.30 A. M., and it burned
fiercely until 5.30, when the firemen gained
control of the flames. The fire burned
buildings on three streets, Kennedy and
Boyleston streets and Patent avenue.
The loss is estimated at \$150,000. The
city records were in fireproof vaults and
were not damaged.

While driving from Factoryville to
Scranton, John McAnulty had an ex-
citing experience with a bear which rushed
from the woods adjoining the road.
McAnulty had a quantity of meat in the
wagon and this first attracted the atten-
tion of bruin. While the bear was
munching the meat, McAnulty left his
horse and wagon and fled to a house
some distance away for help and a gun.
A crowd of hunters was organized, but
when they arrived on the scene bruin had
finished his meal and disappeared again
in the woods.

Miss Elizabeth Huey, of Reading, fell
dead in the drug store of John B. Raser
& Son. After the body had been re-
moved to the morgue three purses were
found on her person. Two of them
were sewed into the lining of her skirt.
In addition, gold and greenbacks were
concealed in various parts of her cloth-
ing. The money aggregated \$700. Of
this \$450 was in gold. Death was said
to have been caused by heart disease.

Mrs. Sarah Kelly, of Pittsburg, Friday
evening gave a party to celebrate her
107th birthday. She was born in Ireland
in 1794. Mrs. Kelly is able to read the
daily papers regularly without the use
of glasses, and her memory is good as to
events which occurred in the early part
of the last century.

A fire in the plant of the Pittsburg Oil
Refining Company, at Coraopolis, de-
stroyed the main refinery building, the
waxhouse, compounding, filtering
houses and boiler room. The loss was
estimated at \$100,000. The tanks, 100 in
all, were covered with earth.

SYRUP OF FIGS
IS
AN EXCELLENT FAMILY LAXATIVE—
IT IS REFRESHING TO THE TASTE
AND ACTS
PLEASANTLY AND GENTLY.
IT ASSISTS ONE
TO OVERCOME HABITUAL CONSTIPATION
PERMANENTLY

With many millions of families Syrup of Figs has become the
ideal home laxative. The combination is a simple and wholesome
one, and the method of manufacture by the California Fig Syrup
Company ensures that perfect purity and uniformity of product,
which have commended it to the favorable consideration of the
most eminent physicians and to the intelligent appreciation of all
who are well informed in reference to medicinal agents.
Syrup of Figs has truly a laxative effect and acts gently with-
out in any way disturbing the natural functions and with perfect
freedom from any unpleasant after effects.
In the process of manufacturing, figs are used, as they are
pleasant to the taste, but the medicinally laxative principles of the
combination are obtained from plants known to act most bene-
ficially on the system.
