Lesson in Experience

There's many a piece of Furniture bought that in a short time inspires the regret that its purchase had ever been made. Its 'cheapness' was very likely the incentive that led to its acquirement, and no thought was given to quality or construction.

THE YOUNG FOLKS

Who are buying their first Furniture should profit by the experience of those unfortunates, and get Good Furniture—well-made, reliable Furniture, even if it does cost a few dollars more than the trashy kind. And, in fact, our Outfitters' Sale brings the price down pretty close to what you'd pay for much inferior goods.

 Building Lots in the village of Florin, Lancaster Co.,

HEY THERE BOS!

Are you going out sporting this summer? Yes? Well then you'll
 need one of Young Brothers' Latest Style and Up-To-Date Jenny-
 Linds. No, I bought one from them a year ago and it looks and is as
 good now as it was the day I bought it. Well then you want to take
 it back to them and have a set of

VICTOR RUBBER TIRES

put on. If you don't you won't be in the swim this summer. The
 Victor Tires are the best out and are cheap and durable. And another
 thing, by having them put on at Young Bros. you will save money.
 First, their increasing business in this line has forced them to equip
 their establishment with an outfit for adjusting them. Second, by so
 doing they save a middle man's profit, freight to and from a factory
 and minor other expenses. Other dealers may do it as cheap but then
 you get a poorer grade tire which they must do in order to make up
 the freight and extra cost of putting them on. Wise people deal at
