Most of the rivers have begun to slowly fall, but the floods have left ruin

and desolation. Hundreds of poor people, particularly women and children, are likely to suffer serious illness because of the ex posure. Driven from their homes and compelled to flounder about for hours in mud and water and saving but little clothing or household goods, many are

in distress. In the vicinity of Pittsburg and about Philadelphia the sweep of the floods caused enormous damage to property. Numerous towns along the Western Pennsylvania rivers are under water ouses being undermined and stores and factories completely ruined.

ANOTHER GRAND REPORT FROM HIS MAJESTY'S DOCKYARD, AT PORTSMOUTH, ENGLAND,

Where Upwards of 10,000 Men Are Con-

stantly Employed. Sometime ago the Portsmouth Times and Naval Gazette published a most thrilling and remarkable experience of the wife of Mr. Frederick Payne, himself connected with the Portsmouth Dockvard for many years. The report produced a great sensation, not only in Portsmouth, but throughout the country, being considered of sufficient importance for reproduction and editorial comment by the leading Metropolitan and Provincial Press of England, as showing the marvelous powers which St. Jacobs Oil possesses as a cure for Rheumatism, its application having effected a perfect cure in the case of Mrs. Payne, after having been a helpless cripple and given up by several physicians.

We have now further evidence of its intrinsic value as a Pain Conqueror. Our readers will do well to follow the intelligent and highly interesting details as given in Mrs. Rabbets' own words: To the Proprietors St. Jacobs Oil:

Gentlemen-My husband, who is a shipwright in His Majesty's Dockyard, met with an accident to his ankle and leg. spraining both so badly that his leg turned black from his knee to his toes. The Dr said it would be months before he could put his foot to the ground, and it was doubtful whether he would ever get proper use of his leg again.

A few days after the accident I ha a book left at the door telling about St. Jacobs Oil, so I procured a bottle from our chemist, Mr. Arthur Creswell, 379 Commercial Road. I began to use St Jacobs Oil, and you may guess my surprise, when, in about another week from that date, my husband could not only stand, but could even walk about and in three weeks from the time I first used the Oil my husband was back at work, and everybody talking about his wonderful recovery. This is not all. Seeing what St. Jacobs Oil could do gave me faith in your Vogeler's Curative Compound, also favourably mentioned in the book left at my house. I determined to try the compound on my little girl, who was suffering from a dreadful skin disease, the treatment of which has cost me large sums of money in going from one doctor to another with her all to no purpose.

She has taken two bottles of Vogeler's Curative Compound, and one would now hardly take her for the same child, her skin has got such a nice healthy colour after the sallow look she has always had.

I shall never cease to be thankful for the immense benefit we have derived from these two great remedies of yours. think it a duty to recommend these medicines now I have proved their value. (Signed) ELIZABETH S. RABBETS,

St Jacobs Oil has a larger sale throughout the world than that of all other remedies for outward application combined, and this can only be accounted for from the fact of its superiority over all others.

Mrs. L. A. Harris, a Prominent Member of a Chicago Woman's Political Club, tells how Ovarian Troubles may be Cured without a Surgical Operation. She says:

"Doctors have a perfect craze for operations. The minute there is any trouble, nothing but an operation will do them; one hundred dollars and costs, and included in the costs are pain, and agony, and often death.

"I suffered for eight years with ovarian troubles; spent hundreds of dollars for relief, until two doctors agreed that an operation was my only chance of life. My sister had been using Lydia E. Pinkham's Vegetable Compound for her troubles, and been cured, and she strongly urged me to let the doctors go and try the Compound. I did so as a last resort; used it faithfully with the Sanative Wash for five months, and was rejoiced to find that my troubles were over and my health restored. If women would only try Lydia E. Pinkham's Vegetable Compound first, fewer surgical operations would occur."-Mrs. L. A. Harris, 278 East 31st St., Chicago, Ill.
