### MATTERS IN COURT.

#### John J. Missemmer Must Pay His Wife \$3.00 a Week.

Two desertion cases from this place, were disposed of by Judge Landis at Lancaster on Saturday.

John Phelan, was charged by his wife with desertion but owing to the nature of the complaint, which was entered before the desertion, the case was dismissed.

John J. Missemmer, also of this place, was charged by his wife with desertion. The testimony in the case was as follows: Mrs. Missemmer testified that they were married Nov. 5, 1902 and that her husband has failed to support her and her child. That when Mr. Missemmer was lying sick with typhoid fever at the home of her grandparents, his father Jacob R. Missemmer came and took him away.

John said that he did not contribute anything toward the support of his wife and child since his marriage and that he was at present working for four dollars a week and his board and that he was willing to live with his wife and support her. In testimony Mrs. Missemmer said when asked whether or not she would agree to live with her husband, that she positively would not, as he was no fit person to live with. Also that he had paid no boarding for them since the marriage. Jacob R. Missemmer, father of the young man, was given an opportunity to testify and he spoke of moving his son to the former's home when the latter was sick.

After this testimony Judge Landis had his say which was as follows: That John J. Missemmer should pay all the costs and \$3.50 per week toward his wife and child's support. Afterward the attorneys representing both parties agreed upon a \$3.00 a week payment. W. Hollowbush Esq., for Mrs. Missemmer, Coyle & Keller for John J. Missemmer.

The case of B. F. Gochnauer of this place, who was charged with violation of the liquor laws, was heard before Alderman Halbach on Saturday morning at ten o'clock and adjourned to the next term of quarter sessions.

E. and Clarence C. Crahey, were placed on trial, Wednesday on charges of assault and battery and carrying concealed weapons, previously arrested at this place. Harry K. Hildebrandt and all of this place, were brought Shelly

The dispute arose through Cooper paying attention to Mooney's daughter against his objection. Cooper paid no attention to Mooney's objections and when Mooney met Cooper the allegation is that Mooney struck and kicked him. Mooney admitted that he struck at Cooper after the latter made an objectionable remark to him, but denied having struck him. The jury convicted Mooney of simple assault. He was sentenced to pay a fine of \$20 and costs.

### Two Teams Collide.

Last Saturday evening fellows, spokes and single trees took a tumble or properly speaking a scateration, a short distance east of the P. R. R. crossing on Main street and an accident that may have been the cause of some person being maimed for life was averted by D. U. Stoner, who was sitting out on a bench in front of his residence with another citizen, by checking the horse. It was all caused by fast driving and coming in contact with a wagon driven by Mr. Brown, of near Florin. By way of a little friendly advice we would say that some of the driving men that make this a practice every Saturday and Sunday evening to speed or race their horses on Main street and particularly in the west end, if they think they have fast horses it would be a good idea to take them to Lancaster or Middletown race tracks and speed them there and then they would not be in danger of smashing up conveyances or running elderly people and children down on the highway.

There is entirely too much of it on our streets.
