Common Sense

Hold on to your money when you go buying and don't be afraid to say that a thing does not suit you when you don't like it—And when you come to the store where anyone can see that you get the best for your money—then let go. We're not afraid to tender this advice, for we know that if you act on our suggestion, we are bound to get your trade.

Competition in larger towns or cities than Mount Joy, quote lower prices; but when it comes down to honest every-day, face to face facts, the truth comes out. Expenses in large cities are higher. Rents higher and salaries are higher. The merchandise costs the same because we get our goods in the same places as the larger stores in the cities. Now put two and two together, can the city store afford to sell cheaper than the store in the small town? Of course there are tricks in business. For instance: You will find one man advertising a 50c article for 22c and he advertises an article that's really worth 50c. Now that is what is known as a bait or a leader to draw you on to come in the store. Not so with us; we are satisfied with the least profit that will make our business go and you will find that honest values pay the best in the long run, no matter what store you get it at. You are sure to get honest values at—

Deafness Can Not be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.
