THE "LESTER" PIANO  
 Is highly prized by musicians everywhere—because its mellow tone is the very soul of music, and its splendid construction makes it Last a Lifetime. Gilbert Reynolds Combs, Director of the Broad Street Conservatory of Music, Philadelphia, who has just bought twenty Uprights and two Grands says

After an experience of more than a quarter of a century with various makes of pianos, including nearly all those made by Philadelphia firms, I have concluded that the Lester Piano is the most satisfactory instrument I have used in my school. I find after years of continuous use, that the tone retains its original quality and sweetness, the action is unimpaired, and the durability as evidenced by the capacity of the piano to stay in tune is marvelous. **Common Sense**  
 Hold on to your money when you go buying and don't be afraid to say that a thing does not suit you when you don't like it—And when you come to the store where anyone can see that you get the best for your money—then let go. We're not afraid to tender this advice, for we know that if you act on our suggestion, we are bound to get your trade.  
 Competition in larger towns or cities than Mount Joy, quote lower prices; but when it comes down to honest every day face to face facts, the truth comes out. Expenses in large cities are higher. Rent is higher and salaries are higher. The merchandise costs the same because we get our goods in the same places as the larger stores in the cities. Now put two and two together, can the city store afford to sell cheaper than the store in the small town? Of course there are tricks in business. For instance: You will find one man advertising a 50c article for 22c and he advertises an article that's really worth 50c. Now that is what is known as a bait or a leader to draw you on to come in the store. Not so with us; we are satisfied with the least profit that will make our business go and you will find that honest values pay the best in the long run, no matter what store you get it at. You are sure to get honest values at us at—

**There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven it to be a constitutional disease and therefore requires constitutional treatment. All's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio Sold by Druggists, etc. Take Hall's Family Pills for constipation.**

**PHILADELPHIA PRESS** is becoming more and more recognized as the Home Newspaper of Philadelphia. Carriers serve the papers directly into homes, while no paper is more enterprising in the gathering of the news of the city, and it does not allow in its reading columns or in its advertising columns any advertisement to appear which could give offense to members of the family; and fathers mothers with growing sons and daughters can feel confident that THE PRESS be brought into their homes and be of seasonal benefit to themselves and to their children.
