

LANDISVILLE.
Israel Rest, the implement dealer, received four new jenny linds last week.
Harry Greider of this place, has been appointed teacher of the Gram mar school here.
Mrs. Jacob Kurtz has purchased the property near the Bethel church lately owned by her son.
A. B. Hambright and family visited Joseph Brackbill and wife at Leaman Place yesterday.
Robert Lefever, teacher of the Grammar school, died at the home of his mother at Lancaster on Saturday morning after a week's illness. Nearly all of his pupils attended the funeral in a body.

THE LAND OF TO-MORROW.
Little Regard for Time in Japan Under Ordinary Conditions—Great Change in Time of War.
In the countries over which Spain held rule the favorite word of the people is "mañana," meaning to-morrow, and in those countries to-morrow answers just as well as to-day. But even in those countries there is nothing which compares with the Japanese disregard for time.
The Bible says, "Yet a little more sleep, yet a little more slumber, yet a little more folding of the hands to rest." In Japan the traveler finds the phrase, "A little more tea, one more smoke and the folding of the legs to sit."
Japan is, under ordinary conditions, the Land of To-morrow, says the New York World. When the time comes to act quickly, she is the Land of Instant Movement. She strikes quickly, and, as an American naval officer said the other day, "that is why Japan has made it understood that she is going to carry on this war as mistress of the eastern seas."

Snakes as Rat Catchers.
Snakes are not infrequently employed as rat catchers in the Philippines. Nearly all of the older bungalows in Manila possess what are called house snakes—huge reptiles that reside permanently up in the roof and live on rats. These big creatures are harmless, and rarely, if ever, leave their abodes.
Smallest Coin in the World.
The smallest coin in the world having a genuine circulation is probably the Maltese "grain," a tiny fragment of bronze about as big and round as the top of a state pencil, and worth only one-twelfth of a penny.
Counting More Mills.
The official report on North Carolina textile mills, just issued, shows 289 in operation, these being in 50 counties, with 44,253 looms and 1,914,137 spindles, as against 276 mills the year previous, with 38,601 looms and 1,743,431 spindles. In spite of the loss caused by the high price of cotton the southern mills generally are reported in a prosperous condition. The development of this industry has been even greater in South Carolina than in North Carolina, with Georgia, Virginia and Alabama making excellent progress. If the building of mills continues at the present rate it will not be many years before the cotton of the world is manufactured in the section where it is grown.—Baltimore Sun.

First Offense.
An odd scene took place in an English court the other day when Lord Brassey, the British naval expert, was summoned for riding a bicycle without a light. "Lord Brassey has not been convicted before," inquired the chairman of the bench, who happened to be his son-in-law. "Nothing known, I presume?" "No, sir," said the superintendent. "Fined a shilling and costs." "In default of distress," asked the clerk, "any time allowed, sir?" Fortunately Lord Brassey was able to scrape the necessary sum together, and the incident ended happily.

Sailor's Exploit.
Exploits in navigation by small boat are extending to eastern Europe. Simon Strabrovsky, a hardy Russian fisherman of Odessa, has just accomplished the feat of navigating alone in a small sailing boat from that port across the Black sea to Constantinople and back, putting in at Constanza and Salina on the return voyage. One peculiarity of the adventure is that Strabrovsky navigated without a compass, declaring that the stars were enough. He received a sum of £200 for his exploit.

CONTRACTED CHRONIC DIARRHOEA WHILE IN THE PHILIPPINES.
"While with the U. S. Army in the Philippines, I contracted chronic diarrhoea. I suffered severely from this terrible disease for over three years and tried the prescriptions of numerous physicians, but found nothing that did me any good until I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, two small bottles of which entirely cured me and I have since had no return of the disease."—HERMANSTEIN, 212 Ave. Pueblo, Colorado, For S. CURED HIS MOTHER OF RHEUMATISM.
"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by J. S. Carmany Florin, and all Mount Joy Druggists.

Garber's Stomach Bitters and Tonic
I Use It I Don't
This household remedy is offered in place of "patent" medicines. It is not claimed that this is a "cure all" but we do believe that it is as good a stomach remedy and system tonic as can be found

on the market. We call special attention to this Stomach Bitters because we know that it is harmless and reliable. We know exactly what is in it and just how it is made. The materials from which it is made are of the best quality that can be obtained in the market and of such a character as to produce a general stomach remedy and general tonic of marked efficacy. We do not want anybody who needs a Doctor to Buy This Blood Remedy, but if you are going to buy a "patent" medicine which you have seen advertised for stomach and other ailments, then we would urge you to give this bitters a thorough trial in any of the following ailments:
Rheumatism, backache, lumbago and kidney ailments generally; sleeplessness and nervousness, boils, pimples, carbuncles, felons, ulcers and other eruptions due to poisons in the blood; paleness, sallow complexion and a general tired feeling due to sluggish liver; headache due to indigestion, constipation and other disorders; poor appetite, sour stomach, acute dyspepsia and distress after meals. This stomach bitters has given good satisfaction among our customers and we much prefer to sell it in place of "patent" medicines, the ingredients of which we do not know and therefore cannot tell whether we are selling an injurious or beneficial medicine.
