## COUNCIL CONVENES

### Quite a Lengthy Session Held on Monday Evening.

Mount Joy Borough Council met in regular session Monday evening with all the members present. The minutes were read and approved. The report of Burgess H. C. Schock for the past councilmanic month showed that he had collected \$292.22 and handed same over to the borough treasurer.

Chairman Hoffer of the Street committee reported as follows: Several new crossing laid, inlet repaired, all ashes and rubbish removed, and several bad places on Main and High streets filled with crushed stone. Mr. Hoffer also recommended that North Barbara street be repaired and a crossing relaid on said street at Mount Joy; also relay crossing on East Main street at the post office; the gutter at the Red Lion be given the proper grade and South Delta, South Market and North Jacob streets are in very bad shape and should be macadamized.

Here there was a lengthy discussion. Mr. Detwiler is of the opinion that all present macadamized streets should be repaired and kept in good condition before those small side streets are repaired. Messrs. Hoffer and Brown differ and thought they should be macadamized. Mr. Brown said they should be put in better shape and if there is not enough money here to do it, "raise the tax rate."

Upon motion all Mr. Hoffer's recommendations were ordered and the three short streets mentioned will be macadamized.

Mr. Detwiler reported that the property owners from Frank's malt house to the Farmer's Inn, on old Market street, should be compelled to lay the pavement. No action.

The railroad bridges and approaches on Marietta and Jacob streets are in bad shape and the Clerk was instructed to notify the P. R. R. to repair same.

Mr. Longenecker reported the wood foot bridge at the Methodist church in bad shape. It will now be replaced by an iron one.

Mr. Hamaker of the Water committee reported having purchased a carload of coal and Mr. Brown mentioned that the subsiding reservoir was repaired.

Mr. Detwiler reported that at a recent meeting of the committee, Wm. Manning's house was assessed at \$800, instead of \$700, as heretofore.

The lights were all reported as being in excellent condition.

Mr. Brown said the old pumps at the water works have been torn out and the foundation for the new gasoline engine and pumps is in position. The pumps and engine are on the way and are expected to arrive here this week and if there is no detention, they will be running ere the close of the month.

Complaint was made about the waste water in the gutter along the Baker properties on East Main street and the Clerk was ordered to notify the residents in that vicinity not to run wash or waste water into the gutter hereafter and the Street committee will investigate why the water after each rain does not drain off.

Mr. Hoffer of the board of Health, reported having investigated the sewer outlet from Mumma & Detwiler's slaughter house and even on a warm day there was no stench whatever. Also that in about a month this firm's new slaughter house would be completed and the old one will be deserted.

There was a rather lengthy discussion on this subject. Upon motion the inlet at the above slaughter house was ordered closed soon as Mumma & Detwiler vacated but Mr. Longenecker stated that if one man be deprived of running waste into the borough's sewer pipes, others should also be deprived of the same privilege.

Alois Bube's connection to the sewer, Philip Frank Maltin Company and the Rollman Manufacturing Company were then discussed. Upon motion of Mr. Detwiler the

president appointed the following committee to look up all the connections made to the borough's sewerage and report at the next regular meeting: Messrs. Detwiler, Longenecker and Hoffer.

Mr. Hoffer also reported that he gave Mumma & Detwiler a permit to build a slaughter house in the borough.

Constable Eli Williams wants Council to assist him to do away with corner loafing by printing the ordinance relative thereto and he will enforce them.

The treasurer's report showed a balance in the Borough account on June 5, of \$109.27 and in the Water account on same date, \$3,656.25.

Main street was reported in bad condition at some places and should be repaired but Mr. Hoffer thought that it would be useless to do so as Council recently gave the Rohrerstown, Lancaster and Mount Joy Railway company right of way to lay their tracks on said street and as the line is now being built, let them repair the street.

The ordinance of the Philadelphia, Lancaster and Harrisburg Railway Company was then read but no action was taken. The ordinance contains a clause that \$500 must be deposited at the Union National Bank as a guarantee of good faith that the line will be built within two years from the passage of the ordinance.

A resolution was then passed by Council as suggested by the post office department, authorizing Burgess H. C. Schock as the proper person to receive all post office money.

The following bills were then paid:

C. Schock, lumber, \$3.09; Penna. R. Co., freight on car load of coal, 31.57; Frank Conrad, hauling, 42.60; R. D. Wood & Co., supplies, \$8.36; P. R. R., freight, 3.57; Central Machine Works, supplies, 43.96; Hector Henery, labor and cement, 12.15; Adams Express Co., 1.48; Wm. Elsworth, supplies, 3.45; H. S. Newcomer, supplies, 50.86; Herr & Snavely, supplies, 10.45; Samuel Fasnacht, labor, 42.20; David Garber, labor, 40.95; Jacob Garber, labor, 5.00; Andrew Weidman, labor, 2.50; Howard Nauman, Louis Siller, John Kramer, and Andrew Weidman, each 3.00 for cleaning reservoir; A. B. Welsh, labor, 50.93; J. J. Pennell, salary, 5.00; Good & Graybill, screening, 8.77; Frank Groff, salary, \$30.

Tax collector David Boyce was then heard and he was exonerated from collecting 1904 taxes to the amount of \$47.48.

Upon motion Collector Boyce was instructed to collect taxes from several persons if arrests must be made and Council will defray all expenses in such cases.

## A Good Thing For Farmers.

Attention is called to the large advertisement of Adam H. Weaver. It will pay every farmer to read the advertisement carefully, and also to follow Mr. Weaver's advice in regard to his invention.—His support have been on the market for more than five years, and are giving universal satisfaction wherever used. Over 2,000 of them are in use in Lancaster county alone, while thousands of them are found in the great Western wheat belts.

## Success, Mr. Swarr.

Last week this office printed a lot of posters for E. H. Swarr, who resides a short distance south of town. He is the general representative of the Brown Fence Company, the manufacturers of one of the best, strongest and cheapest wire fences on the market today. He is doing quite an extensive business in this community.

## Bought Hossler's Property.

Auctioneer George S. Vogle sold the real estate and personal property of the late John Hossler of Florin, at public sale on Saturday. The property was purchased by Ephraim Hertzler of near Schwanger's blacksmith shop for \$2,395.

Henry E. Terry, a well known resident of Maytown, died at his home in that place at ten o'clock last night. Deceased was aged seventy-six years.

Other local notes on page 4.

## LOCAL HAPPENINGS.

### Happenings of the Week Told in a Brief Yet Interesting Manner.

The borough schools will close tomorrow.

H. L. Mooney returned home from the hospital yesterday.

A daughter was born to Oscar Pennell and wife on Monday.

Home raised strawberries are becoming quite plenty at ten cents a box.

Mrs. H. W. Kraybill fell in the garden on Monday and dislocated her shoulder.

Martin Hiestand has purchased the Harry Shrite property on Marietta street.

Wm. H. Gantz offers his desirable brick dwelling in Marietta at private sale. See ad.

A photograph gallery will be opened in M. L. Greider's new building in the very near future.

M. L. Greider & Co. of this place will install an acetylene gas plant in Abram Cassel's new residence at Manheim.

On Monday morning a large number of foreigners arrived here and were put to work on the Manheim road.

John W. McGinnis is nursing a badly bruised arm the result of being hit by a ball at one of last Tuesday's games.

Frank Drabenstalt won the 2½ dollar gold piece given away by Dr. E. W. Garber last week. Frank hid 31 sodas.

Dr. B. Rubin will leave this evening for Washington, D. C., where he will spend several days, returning next Monday.

A horse that was recently injured in a runaway, was killed and fed to fifty five hounds owned by the Zeamers at Kinderhook.

Miss C. Smith, who has been the head trimmer in the millinery department at Yoffe's store, left Monday for Baltimore where she will visit her sister. She will not return.

There was much rumor afloat that the J. L. Tempest Dramatic Co. would show here in the near future. This engagement is off but the company will be here in September.

A young man from town was recently caught "swiping" at an east end residence. The guilty person knows who we mean and he is hereby warned to keep his distance in the future.

An amusing incident occurred on Manheim street at the borough limits on Sunday. A certain gentleman in his endeavor to scare a dog, was so badly frightened by two ladies that he is trembling yet.

A valuable horse belonging to John Myers, south of town, met death in a peculiar manner yesterday. Mr. Myers threw the harness on the animal when it reared and fell back ward striking its head and killing it instantly.

When Mrs. P. J. Dieter returned home from Harrisburg on Sunday, she left her suit-case on the train and through our obliging station agent and the P. R. R.'s honest employees, it was returned the following day.

A special meeting of Friendship Fire company was held Monday evening. The company intends to participate in a parade at Lititz on the Fourth, but will only go provided Otsego Tribe does not go to Middletown as a number of firemen are Red Men.

## Quit His Job.

Samuel Hershey, the able young clerk who was employed at Wolf Yoffe's store for the past three months, quit his job on Monday and has gone to his home at Landisville. After a three weeks' vacation he will start working for the Monitor Steam Heating company where he will learn steam fitting.

## Saturday Was the Last Day.

Saturday, June 3, was the last day to pay the 1905 state and county taxes and get 5 per cent. rebate. After June 3 the amount will remain not until October 5, and after that date 5 per cent. will be added.

The Brethren in Christ will hold preaching in the hall tomorrow evening when Rev. Harvey of Kansas and others, mission to South Africa will preach. C. C. Burkholder of California, Solomon Engle of Philadelphia and others also expected to be present.

## BOARD ORGANIZED

### Elected a New Janitor on Monday Evening—Other Business.

The regular monthly meeting of the Borough School Board was held on Monday evening when the Board organized as follows:

Pres.—T. J. Brown, Sec.—J. W. Eshleman, Treas.—M. M. Brubaker, Janitor—J. H. Shellenberger.

The salaries of the teachers were slightly changed at this meeting. Hereafter the principal will receive \$80 per month instead of \$75. The assistant principal will receive \$5 more making it \$55 per month while the remaining teachers will receive \$45 per month.

The tax rate is same as last year 8 mills; 6½ mills school tax and 1½ mills building tax.

There was an exceptionally large number of applicants for the janitorship this year there being eight as follows, Jacob Morton, Jacob Garber Jr., John W. Greenwalt, Frank W. Conrad, Wm. Greenleaf, R. H. Herr, Cyrus Foreman and J. H. Shellenberger. The latter was elected but only on the fifth ballot.

The present janitor Jacob E. Kover was not an applicant.

A special meeting will be held next Monday evening when teachers will be elected. We are informed that with the exception of Miss Lulu Greiner, all the present teachers will be applicants for reelection.

## Wreck at Florin.

A slight wreck occurred on the P. R. R. at Florin and the prompt action of the road's employees prevented a second wreck. A west-bound freight train passed through here at about five o'clock Friday evening when one of the trucks under a lime car broke and the car was derailed and ran on the ties for some distance. The switch at F. N. tower in Florin threw it off the track and delayed traffic for an hour. The Columbia wreckers put the car which was loaded with lime, on the tracks again. No one was injured.

## In Good Shape.

Section Foreman Frank Stoll, who is certainly a hustler, has the sidings at Schock's, Baker's, DeLong's and Brandt's Stehman's in better shape than they have been for years. New ties were put in and the plank crossing for teams and foot passengers on North Market street, was replaced with a stone crossing covered over with screenings. Mr. Stoll deserves praise for the condition in which he keeps his entire section.

## How He Got It.

J. H. Shellenberger who is employed at Middletown, on Friday read a copy of the Daily Journal of that town when he saw the item that this paper contained last week and which was copied by the Journal in reference to a janitor. Mr. Shellenberger at once made application and on Monday evening was elected to the office, therefore it is through this paper that he got the job. Ads. in this paper bring the result.

## Now Will You Be Good.

At 12.30 on Sunday morning Constable Eli Williams was awakened from his quiet slumbers by three gentlemen from town who took a fancy to singing. Mr. Williams placed the trio in the lockup, went home and finished his "nap" and let the men go. They will be given a hearing this week.

## Ball Notes.

Maytown on Saturday afternoon won its seventh consecutive game when they defeated the Lafayettees of York, by the score of 3 to 2.

"Owie" Brandt held down second base for Lititz on Saturday and played a star game. He had 2 runs, 3 hits, and 4 assists. Lititz won.

The All Stars met defeat at the hands of the Keystonees at Elizabethtown on Saturday by a 11 to 10 score in twelve innings. That's certainly playing the game.

Mr. Billet, the crack left fielder of the York Tri-State league team, was the guest of Eli Shreiner in town on Saturday forenoon. Mrs. Billet spent the past week here.

Mount Joy will have Rohrerstown as their opponents on Eby's field on Saturday afternoon when the boys will try and lift another scalp. Game at 3.30. Turn out and encourage the boys as they are playing good ball at present.

As suggested by this paper one month ago, the G. I. C. team will hereafter be called Mount Joy and will not only consist of Grey Iron men but of the best to be had in the town. On Saturday they had no trouble in taking the Lancaster Amateurs into camp by a score of 12 to 8. The visitors were composed of three ex-Akronites, two of which were given a chance in the Tri-State League, but with all that we had a cinch. The first few innings were the finest seen here this season but after that it was a slugging match.

## Not Observed as Haretots.

Lured away from the traditions of their youth by the recent heavy rains the majority of the farmers in this vicinity spent the greater part of Ascension Thursday planning to bacco. They felt that they ought to spend the day in their usual manner of picnicking along the river, but the splendid opportunity afforded them to plant the weed proved too great a temptation. Quite a few of them, however, took a half or quarter holiday.

## Work on the Trolley Line.

The work of making the road bed for the trolley line between Lancaster and Mount Joy is being pushed as rapidly as possible. The work is being done under the supervision of the Conestoga Traction company. One hundred more Italians were put on the work, which makes about 400 men on the job. What the contractors want more than anything else is men with horses and carts and they seem to be very scarce.

## Eight Per Cent Dividends.

Among the new advertisers in this week's issue is that of the Internal Lumber and Development Co., of which H. J. Miller, Lancaster, is the resident manager. This company has a plantation of 238,000 acres of land in Mexico which it is endeavoring to cultivate. It is a rich country for many products and should have your consideration. Read the ad carefully on page 4.

## Piking the Manheim Road.

The surveyors have completed their task and the work of piking a mile of the road leading from here to Manheim has begun. The State will defray half the expenses of this work while the county will pay the other half. The section to be macadamized is from Keady's nursery to the residence of Peter Brubaker, which is very necessary.

## Gradually Advancing.

The Mount Joy Athletic Association, which is becoming very popular here, made another marked improvement to their grounds when it placed wire netting around the tennis courts on the north, east and south. The grounds are also being leveled.

## Deserves Much Patronage.

We call the attention of our readers to the advertisement of Mrs. Fred Koch in another column. She cleans, presses, and repairs clothing in a very satisfactory manner and surely deserves a share of your patronage.
