ABOUT THE TROLLEYS

Scemingly the People Want the Tracks Laid on Main Street

Much rumor is afloat concerning the next move of the Roberstown, Landisville and Mount Joy Street Railway Company. The point at issue is: Will they or will they not come up Main street?

It will be remembered that said company now has an ordinance granting them the privilege to come in South Barbara street and west on Main to the borough limits.

Recently the trolley company asked for a new ordinance giving them the privilege of laying tracks on Columbia Avenue, thence on Delta, across Marietta and up Donegal street. This ordinance was defeated.

Several representatives of the company were here Friday and were in conversation with a number of councilmen and Burgess Shrite. One of the officials left a blue print with Mr. Shrite of the route they prefer, i. e., come in Delta and up Donegal street.

Mr. Shrite as well as a number of Councilmen is of the opinion that if the line is built in the borough, it should be on Main street. This they told the representatives who replied that the cost of removing the electric light wires, poles, etc., and laying track on said street would cost about \$5000, and having already spent about \$30,000 in the construction of the line, it would not pay.

The representative further said that finally people would build and business men would open new enterprises on our back streets. He was told by Mr. Shrite that that is just what the town does not want, being of the opinion that the residents and business men on Main street, who are largely responsible for the progress of our town, should be favored by reaping some benefit, which the borough would derive by having trolleys.

This evening the Burgess and all the Councilmen will hold a caucus in the Council Chamber and converse the subject after which they will appoint a time and place to meet the trolley officials in order to compromise on the subject.

We feel free in saying that about four out of every five citizens on Main street would prefer the line on said street.

We would be pleased to hear from the citizens and they can rest assured that if the majority ask for trolleys on certain streets, their wishes will be gratified as we now have councilmen, the majority of whom are willing to take suggestions from the people that have placed them in office. Now is the time to speak; don't squal when it is too late.

Since the above was written, we had an interview with a representative of the trolley company. We believe it next to impossible for the company to put down its tracks on Main street for several reasons: The report that the pike company gave them the right of way is incorrect and furthermore the line would have to cross the P. R. R. tracks in town, the old siding west of town, the culvert west of Florin and at Rheems if the line was extended to Elizabethtown which will undoubtedly be done sooner or later. This being the case, the trolley people want the nearest they can get to Main and if the five Councilmen feel as they did at a recent special meeting when the clerk was instructed to inform the company that it could come in Jacob, up Donegal, out Delta and up West Donegal, we feel free in saying the company will accept.

The Metre Question Mount Joy Pa. March 8, 1906

Dear Sir—I don't want the water consumers of Mount Joy to misunderstand me in recommending water meters. It is not for me to say what they shall do or not do but to my judgment, in order to check the waste of water and reducing the expenses to furnish same, metering the water is the only way to stop the waste which would be a saving to the borough and to the consumer.

JACOB W. SHRITE, Burgess.

Spray Your Fruit Trees

Inspected New Depot

The officials of the Pennsylvania Railroad were at Florin on a special train on Friday when they inspected the new depot there which is almost completed. The structure will be completed within about a week but will not be occupied until April 1st. The officials are more than pleased with the building as well as the site. Those in the party were Messrs. W. B. McCaleb, Superintendent; E. F. Dunlap, Passenger Train Master; G. W. Remine, Division Operator; J. T. Binsley, Freight Train Master and C. H. Smith, Round House foreman, all of this division.

Trolleys on Main Street

We understand that whether or not the Roberstown, Landisville & Mount Joy Street Railway Company puts down tracks on Main street, the people that reside along that thoroughfare will be accommodated are many a day. Representatives of a company were buying the right of way from people in the vicinity of Salunga this and last week. This is the company that contemplates laying tracks from Philadelphia.

Standard Manure Spreader

In another column may be found the advertisement of J. N. Hostetter, special agent for the Standard Manure Spreader. This is one of the best spreaders on the market today and in order to be convinced of this fact you must see them. REMAINS BROUGHT HERE

Body of the Late Henry Frank Interred in the Mount Joy Cemetery

In our issue of November 29, 1905, we gave a lengthy account of how Henry Frank, son of the late Philip Frank of this place, was supposed to have met his death on Deal's Island, off the coast of Maryland. Frank was first missed October 15 and a few days afterward, his body was found floating in the Chesapeake Bay. The remains were then interred on the island.

Frank's brother-in-law H. C. Schock of this place, was notified and immediately went there and investigated the matter and also re-interred the body.

On Monday Mr. Schock went to Deal's Island where he had the remains raised, placed in a metallic coffin and a shipping case and accompanied them to this place. They arrived here at 3.47 Monday and were taken in charge by Undertaker Brunner who interred same in the family plot in Mount Joy cemetery in the presence of H. C. Schock, son Frank and a number of assistants.

A Returned Missionary's Talk

Rev. John H. Myers and wife, returned missionaries from South Africa, made an address at Cross Roads meeting house on Sunday evening, on that country.

WANTED—Several hundred dollars at once; good rate of interest paid. Call on or address, BULLETIN Office, Mount Joy, Pa.

Trolley Fares Reduced

Although the local trolley line has not as yet been leased to the Conestoga Traction company, the management put tickets on the line this morning at the following rates of fares:

Mount Joy to Salunga road and return, 15c.

Mount Joy to Landisville [camp-meeting grounds] and return, 25c.

Mount Joy to Rohrerstown and return, 35c.

Mount Joy to Lancaster and return, 45c.

Monthly tickets, 40 trips to Lancaster and return [scholars] \$4.50.

Monthly tickets, 50 trips to Lancaster and return, \$6.50.

Mileage book containing 100 coupons, each good for 5 cents, at \$4.25. Books can be used by any member of a family or by a firm and employes and are good on all lines of the Conestoga Traction Co.

All persons having occasion to travel on trolleys of any account, will do well by buying a 100 coupon mileage book. Each coupon is worth 5 cents and costs 4 1/4 cents therefore a round trip to Lancaster would cost but 38 1/2 cents, which is only 2 1/4 cents more than is charged one way on the railroad.

We feel sure that the above prices will meet with the approval of the general public and especially when we have better access to the cars.
