Better Cigar Values at Lower Prices Than Ever Sold Before

Exclusive Brands; Unvarying Quality; Proper Condition

**Important News for Smokers**

*Here's the National Cigar Stands' Proposition*

Some 2,000 American druggists (the undersigned included in the number), have united in a new plan for conducting the cigar branch of their business.

Henceforth, each store has bought its cigars independently; usually from jobbers and in quantities necessarily small. The prices paid were loaded with from four to six unnecessary profits and were always on a small-quantity basis besides.

Now, these 2,000 stores have concentrated their cigar-buying power in a single, co-operative concern—the National Cigar Stands Company. These 2,000 stores

The saving in manufacturing and buying is almost equaled in the saving in selling expense. The distribution from producer to retailer being direct, there is no expense for jobbers or traveling salesmen. There is little or no rent to be charged on the prices of cigars by National stands and no extra salaries for salespeople.

In brief, the cigars come to the National stands freed of all middlemen's profits and can be sold practically free of expense. Between producer and smoker there are but two small profits instead of the usual four to six big ones. The result of this double saving is that

**Constitute The Greatest Retail Cigar Outlet On Earth**

and the National Cigar Stands Company which must provide them with cigars, becomes the largest single customer for tobacco ever known in the history of the cigar business.

The commercial advantage of a large purchasing power is well-known. The National Cigar Stands Company takes at once a masterful position in the tobacco market. It can, and does, own its own brands, control its own factories, make its own prices. In all this it merely acts for the druggists who own it, and each store gets the full benefit of all the advantages acquired and all the savings effected.

**Never Before Have Cigars Been Sold So Close to Cost of Production**

The proof of this will be found in the cigars now offered for sale. They give a quality never before known at the prices asked. The brands are all the exclusive production of, by and for the National Cigar Stands. Let them speak for themselves.

All National Stands are equipped with a new and scientifically designed storage case which constantly and automatically maintains the proper atmospheric conditions necessary to keep the cigars at their best.

It isn't a National Cigar Stand unless the National's emblem is in the window.
