### ANOTHER TROLLEY PROPOSITION

**Routine Business—Several Contracts Awarded—Other Business**

The regular May meeting of our Borough Council was held Monday evening with all the members present and an exceptionally good representation of citizens. The minutes of the last regular and two special meetings were read and approved.

The Burgess returned without his approval, the order to relay several pavements at the borough's expense. The motion was reconsidered and passed over the Burgess' veto.

The report of Burgess Shrite was received and showed that he had collected \$76 the past councilmanic month.

Mr. Mumma of the Street committee, reported as follows: Gave grades for a number of new pavements and did part of the work ordered by Council. He recommended that the road at H. S. Garber's south of Marietta street, be macadamized; a new light placed at the extreme end of S. Barbara street; new crossing plate at Martin Hiestand's residence and a light was asked for in the alley rear of Henry Martin's. All the recommendations were ordered with the exception of the latter which will be investigated by the Light committee.

Mr. Detwiler of the Water committee, reported lead at Main in A. M. Hershey's field repaired; fixed the arch under the boiler; hydrant at water works repaired; made taps for Martin Hiestand on Marietta street; Jacob Kover on Donegal street and Franck Schock on Frank street.

Mr. Hoffer mentioned that one case of typhoid fever was reported to the Board of Health and a nuisance was reported on the J. M. Brandt farm but both received the proper attention.

Mr. Zeller reported the approval of a number of bills with the exception of B. F. Groff's. Mr. Zeller had a nipple taken off at the water works and took same to Lancaster in order to get prices on duplicates. He stated that he could have bought them at \$1.75 each and that Mr. Groff charged \$6.50, which would have been a saving of \$4.75. Mr. Zeller presented the nipple.

The treasurer's report showed a balance of \$890.52 in the borough account and \$80.61 in the Water account.

The Street committee was ordered to get out posters relative to removing ashes.

Bids for stone were received and were as follows: E. H. Zercher, 68 cents a yard for large and broken stone. J. N. Stauffer & Bro., 70c a yard for broken stone and \$1.00 a yard for crushed stone. Stauffer Bros. were awarded the contract for the ensuing year.

The bids on broken block were as follows: H. S. Newcomer, \$26 per 1000; G. Moyer, \$24.75 per 1000. The committee was ordered to buy a car from the latter if same are as good as the ones now used.

The chairman of the Water committee was instructed to superintend testing the new pumps, engine and fire hydrants. The committee was ordered to place several sections of old hose at the water works to be used in case of fire.

The annual report of the Borough account was read and Clerk Fellenbaum was ordered to have same printed.

Communications were received from Samuel Dixon, State Health Commissioner, relative to water and sewerage. The two committees were ordered to give the matter proper attention.

The following bills were then paid: Mabel Whiteleather, distributing notices 1.00; Star, printing tax notices \$3.00; B. M. Metzler, labor and supplies 5.27; Eli Williams, supervisor 4.95; Muller Mfg. Co., supplies 4.33; J. J. Pennell, janitor 5.00; Frank Good, labor and salary 32.50; J. E. Hoffer, 2 mos. salary 6.00; Samuel Eshleman, David Brady and Henry M. Stauffer, auditing, each 2.00; Samuel Fassnacht, labor 1.25; B. F. Groff, labor and supplies 52.42.

The trolley ordinance that was

passed over the Burgess' veto (nit, illegal) was sent to the trolley people for approval, and returned to the clerk as not being acceptable. Clerk Fellenbaum tried to smother that fact by not mentioning that same was returned, but when questioned by Mr. Titzel, the clerk, with a rose-tinted expression, soon "coughed up" what he claimed was a personal communication and read same. He should have been given to understand then and there that communications with reference to the borough, no matter to whom addressed, are not "personal".

Mr. Titzel, representing the trolley company, appeared before council and made the following proposition: If council will permit the company to come in Delta and thence west on Marietta and Donegal streets, they would finish macadamizing Delta street or would pay the borough \$1,000.00 for the privilege. Brown, Longenecker Hamaker and Detwiler objected as the east end would be cut out entirely and council adjourned without taking any action on the matter. With all the regular and special meetings, caucuses, etc., the trolley situation is the same today as it was a year ago. All the work was done for naught.

### Have Formed a League

After a long debate on a number of important questions concerning the advisability of forming a league it was decided in favor of the organization, and the following officers were elected: President; Q. Shultz Wertz, of Washington borough; Oliver Freet, of Wrightsville, and John Harn, of Columbia. It was decided to play twenty-four games each. The season will open May 19, and will end September 8. T. Morris Brown, a well known and popular young man of Glen Rock, York county, has purchased the entire tinning outfit of the late Christian Buohl and has leased the place of business formerly occupied by Mr. Buohl, where he will, in a few days, be prepared to do all kinds of tin and sheet iron work, roofing, spouting, and furnace work while he makes a specialty of repairing tin. The young man is a first-class mechanic and deserves a share of your patronage. He hails from the same town as does our wide awake and progressive marble dealer, Mr. Glatfelter. We wish the young man a bright future.

### Stole a Team

Milton Stehman, who resides a short distance east of this borough, came to town on Saturday night and led his team in the shed at the Red Lion Hotel. When he came for it the team was gone. The authorities were immediately notified and a search began. The team was stolen and taken to Marietta, where the thief tried to sell it to liveryman Grady. From there it was traced to Maytown but after that nothing could be learned of team's whereabouts. Constables are still searching.

With the contributions received by the First National Bank, heralded in these columns last week, our town has thus far contributed 560.77

### Keep it Moving

In addition to what was mentioned in these columns last week, referring to Decoration Day exercises, we would say that the Newtown Band has been engaged by Otsego Tribe for that day. Last evening representatives of all the choirs in town met in the Presbyterian church and made arrangements for practice and other work. At Saturday night's meeting, the P. O. S. of A. decided to parade and it is quite likely that the Camps from Elizabethtown and Landisville will participate. An effort should be made to make this event surpass anything ever held here on similar occasions.

### Landisville School Board

The Landisville school board has decided to build a new two-story, four roomed school building at that place. The board visited Mountville, Marietta and Bainbridge and inspected the new school buildings at those places. The building will be 50 by 60 feet in dimension and will be located on the old school grounds. This is a much needed improvement, as the old buildings were not in condition for school purposes and were always overcrowded. Work of tearing the old building down will be started at once.

### Has Gone to Virginia

Charles Cassel, son of W. W. Cassel and wife, left Saturday for Roanoke, Va., where he has secured a clerkship with the Norfolk and Western Railroad Company. ### Victory and Defeat

Our West Ward contemporary seems to think that Burgess Shrite was elected to keep the trolley out of Mount Joy and uses several old cuts to call the attention of its few readers to the matter. We are sure our contemporary is very wide of the mark, but if he wants to use a cut for a political text, we believe one like that in the body of this article, might inspire him. At least something very near like it played a much larger part in the election than trolleys. We very much fear our reduced contemporary is either quite ignorant in political matters, or very malicious. Try again, J. R. M.

### Lovely Feast at Cross Roads

Yesterday and today the annual lovefeast is being held at the Cross Roads meeting house, a mile west of town.
