While Miss Emma Tressler, daughter of S. H. Tressler and wife of East Donegal, was returning home with Clarence C., a well bred horse, the single tree broke and the animal ran off. She at once made tem porary repairs and then drove to a coach maker where the wagon was repaired before she returned home. Truly, this young lady had nerve as she clung to her team better than would most men in a runaway.

What's Your Opinion

The borough solicitor Hon. W. U. Hensel, informs us that by reso lution, Council could have granted the request without conflicting with

the ordinance recently passed. The following letter would also have held good but the majority in Council did not see it that way. Messrs, Zeller and Mumma voted for and Messrs. Longenecker, Brown and Hamaker against it, while Mr. Detwiler declined to vote. There is much comment on Council's action, therefore we publish Burgess accident. . W. SHRITE, Burgess : Dear Sir: - We respectfully ask permis sion to lay a temporary track on Barbara street from the property of the Hoffman Estate to Columbia Avenue. We ask per mission to do this for the purpose of accommodating the citizens of Mt. Joy. As soon as we were granted the ordinance allowing us to enter the borough of Mt. We were informed by Oak this week. them that they would be unable to deliver this rail to us in less than three months If we were to wait to run our cars on Bar bara street until this rail is delivered, we feel that it would be a great inconvenience to the citizens of Mt. Joy. If we are given the permission to lay this temporary track and put up temporary poles until the octagonal poles we ordered arrive, we will agree to remove the temporary material just as soon as we get the proper material as called for in our ordinance.
