

# It Takes Nerve

Everything depends upon your nerves. It is nerve force that causes the brain to direct the motion of your body; it is nerve force that causes your heart to pulsate, and send the blood through your veins; it is nerve force that causes your stomach to digest food, your kidneys to filter the blood, and the liver to secrete bile.

In fact, nerve force is the power that runs your body, so if you feel worn-out, irritable, nervous, cannot sleep, or eat well, have pain or misery anywhere, your nerves are weak, and your system run-down. To restore this vitality take Dr. Miles' Nerve which will strengthen and build up the nerves. You cannot be healthy without strong nerves.

"For eighteen years Dr. Miles' Nerve and Anti-Pain Pills have been my close companions. Early in married life, while raising children, my nerves became all worn-out—could not sleep; had no appetite; indigestion very bad, and had such awful dizzy spells. Then I began using Dr. Miles' Nerve, and at once I began to improve, and soon found myself in perfect health."

MRS. S. L. YOUNG  
234 Pittsburg St., New Castle, Pa.  
Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.  
Miles Medical Co., Elkhart, Ind.

## THE PALMISTRY BUSINESS.

Quick Profits Realized at Coney Island by Fortune Tellers—Argument of a Sorceress.

"Somebody is going to make money out of the palmistry business, and why shouldn't I be that person?" said the Egyptian sorceress who came from Alabama, and who supported her sick husband and her poor children by the proceeds of her Coney Island stand, according to Frank Leslie's Monthly. "I said to myself: 'I'll go into this as a serious business, and I'll go into it the right sort of way. I'll be the executive and I'll hire experienced people to do the rest.' I started in with only \$300, and I've got \$5,000 worth of fittings alone now. I don't know anything else I could have taken up that I'd have been able to get along so well at. I'm able to pay my people good wages, too, which I couldn't have done if I'd taken up dressmaking or anything else I'd have to employ girls in. I start them in at eight dollars a week and I raise them as high as \$15 when they prove to be quick and clever at reading character."

## American Sugar.

A leading newspaper of Austria complains that under the reciprocity treaty with Cuba the consumption of sugar in the United States will be fully covered by the home production and Cuban crops. The consumption in the United States is estimated at 2,000,000 tons a year. Out of this Cuba, where the crop this year nearly 350,000 tons larger than last year, will deliver the lion's share—say 1,200,000 tons. The raw sugar production of Louisiana and Florida amounts 300,000 tons, the Philippines 100,000 tons and the United States proper turns out 250,000 tons of best sugar.

Lady Curzon, who was Miss Letler, of Chicago, is a clever detective, and this incident could be made into an absorbing story by either Conan Doyle or Rudyard Kipling.

A retired Indian Judge tells it. He was dining at the viceregal lodge one night, and the conversation turned upon a sensational murder trial which he was conducting at the time. After dinner Lady Curzon drew the Judge aside and said: "I know as an absolute fact that the man who is charged with that murder is innocent. Send a detective to me and I will direct him to the house where the real murderer is now hiding. I only discovered the fact this afternoon, when I was down there in disguise with one of our spies."

Sure enough, the murderer was caught, as Lady Curzon had said, and the innocent man was released. This incident, becoming known, has made her very popular with the people of Calcutta, who are not used to English "mem-sahibs" taking so much interest in their humble lives.

Forced sale at I. D. days more satis- direct personal experience right that their

## DASH FOR POLE IN AUTO.

Contemplated Trip Into Antarctic Zone Will Be Made in a Side-Wheel Sled.

An automobile sled is the vehicle a Belgian explorer, Mons. Henryk Arctowski—in view of his specialty, why not Arctowski?—proposes to use in making his next dash for the south pole, says Le Tour du Monde. He is now experimenting with motors and propellers.

Steamship expeditions to the south sea are stopped by land or walls of perpetual ice long before they reach the pole. From the shore expeditions have gone inland some distance with dog sleds, but there is a limit to the distance that can be covered, as food for the dogs has to be carried, and added greatly to the necessary stores.

If a motor sufficiently simple and strong can be found, which will run in the coldest weather and will not consume as great a weight of stores per mile as the dogs do, Monsieur Arctowski believes it will be a great aid to the explorer.

His present scheme is to use Canadian sledges or toboggans, and attach to each two wheels with spur teeth, mounted like the side wheels of a river steamer, and arranged so that they can be raised or lowered, to grip lightly or deeply according as the snow is crusted or soft.

The whole affair must be light enough so that it will not sink too deep in the snow, and strong enough to plow its way through a moderate depth of light flakes, and large enough to carry the explorer and necessary stores for him and the motor.

## INSULTED TWO MEXICANS.

An American Accidentally Brushed Against Them and Affair Nearly Ended in a Duel.

A well known member of the American colony boarded a crowded car one day last week and in the jam happened to brush against two Mexican gentlemen, well dressed and of distinguished appearance. One of them, after a few tense words with his friend, turned to the American gentleman and commenced expostulating with him, saying the Mexican Herald. The American, not understanding Spanish well, thought nothing particular of the incident until the two men got off the car when he did and continued to address him as before. Calling a friend who was passing he asked him to act as interpreter. Then he discovered that the two men thought he had insulted them by brushing against them and they asked for satisfaction. The American got mad. He told the two gentlemen that he would meet them, one after the other, at any place, with any weapon, and would give them all the satisfaction that they could possibly want. With that the American handed them his card. They glanced at the name on the card, then took off their hats, bowed low and begged the American's pardon, saying that they were mistaken, for the American was a gentleman and would not insult them under any circumstances.

## RHEEM'S STATION.

The Rheems Canning Company disposed of 20 cases of tomatoes to a Dauphin county party.

Kirk Johnson of Lancaster, delivered a handsome piano to the Mart L. Nissley residence in this place.

Daniel Shank, son of Mr. and Mrs. Daniel Shank, residing on the Abe Forney farm adjoining this place, is confined to this bed with a severe attack of typhoid fever.

Cellar wall for the new house for Rev. S. S. Shearer on the corner of Main street and Shearers avenue will be completed in the near future by Abe Snyder, stone mason of Elizabethtown. Mr. Evans, bricklayer, of Elizabethtown, will do the brick work.

## MASTERTONVILLE.

N. E. Ginder sawed a lot of wood for S. S. Fasnacht.

Mr. and Mrs. Jacob S. Hackman visited relatives at Lititz.

Mr. Dissinger of Manheim is drilling a well for the Mastertonville Creamery.

In this section rabbits are not as plentiful as expected. Not very many were shot.

N. S. Zag purchased a fine Jenny Lind The Mastertonville mill was sold at public sale to E. B. Zag for \$1,951.

The protracted meetings which were in progress at the Fairview church, conducted by Rev. Samuel Taylor, closed on Sunday evening.

## POPULAR CIGAR STAND

How the Stock is Kept Just Right for Immediate Consumption

The National Cigar Stand Company's enterprise is being watched with intense interest by cigar and tobacco men all over the world. The general impression is that it will revolutionize the cigar retailing business.

Judging from the verdict of smokers the company has fulfilled its promise to supply the citizens of Mount Joy Borough with high-grade cigars at price heretofore unknown in this section. The stand which was recently opened in E. W. Garber's drug store has been in operation long enough to prove that it has set a high standard of cigar quality and at the same time reduce prices.

The stand itself continues to attract attention because of its unusual appointment. Purely as an attractive display of cigars it excite comment among smokers and non-smokers alike. But its practical use as a preserver of cigars is of course its main feature. Its scientific construction that automatically maintain atmospheric conditions best suited to cigars seems to have done away with the usual cigar-stand complaints of "too dry" or "too moist."

Even the sceptics are forced to acknowledge that the 2,000 druggists in the National Cigar Stand Company can and do buy in quantities sufficiently to make it possible. The stand itself is a direct personal experience right that their

25c Now Buys 6 of These Cigars

Before we installed our National Cigar Stand, we were unable (as other dealers are even yet) to sell the equal of this cigar at 5c straight.

## College Days Cigar, 6 for 25c

This cigar is perfectly made, full size, and has a mild, smooth, mellow, domestic blend which most smokers find very enjoyable.

COLLEGE DAYS are sold only at National Cigar Stands. Coming direct from factory to you, we can save you the four to six middlemen's profits.

The best cigars are now sold in the 2,000 Drug Stores having the National Cigar Stands Emblem in the window.
