THE HANDY DUST-PAN

THIS PAN is always at hand when wanted. Its place is on the broom and nowhere else. When dust-pan is wanted, simply reach down and get it, use it as you would any other dust pan, and when done replace it on the broom, as shown in cut. The handle being open, permits it to spring or "go and come" enough to fit the different-sized broom handles tightly, which it does very successfully, thus preventing any rattle or jostle whatever while sweeping; so you see there is no dust pan to hunt, no going up stairs to sweep and forgetting the dust-pan; it is simply this: You can not use a dust pan without a broom, and when you have the broom you have the dust-pan as well.

WE OFFER THE ABOVE PREMIUM FREE TO EVERY CASH PURCHASER OF 2000 POUNDS (or more) OF COAL. THIS OFFER GOOD UNTIL DEC. 31st, 1905.

YOUR EYES

are surely worth more to you than the price of a pair of glasses

If you value your eyes have them properly fitted at once. Delay and your eyes may become so bad that no glasses will help them; then you will regret it all the rest of your days.

This is true—every word of it. Do not trust traveling opticians and spectacle peddlers to fit you with glasses. They get your money and you get experience. This we know because it is told us by people that come to us for glasses after having bought of the spectacle peddler.

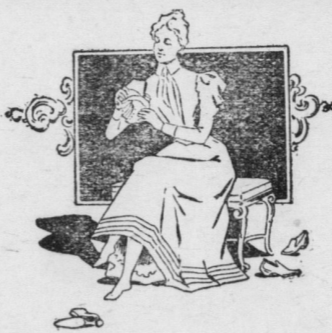

We have the best lenses made, each lens being ground for each eye defect. We will examine your eyes free if you will come in.
