### Old Market, Delta Street and Comfort Alley to be Macadamized—A Long Session

President Longenecker called Borough Council into special session Friday evening for the purpose of transacting the business of the regular April meeting. All the members were present except Mr. Munn.

A communication was received from D. L. Hauenstein asking Council to remove the light which is in the trees in front of his home, farther east, about in front of Frank Schock's property. The Light committee will investigate.

Clarence Schock had a communication before Council relative to the Rollman Mfg. Co's. water rent which was recently raised from \$10 to \$50. He stated that when he received his notice, the day of appeal was past. Council ordered the Water committee to hear him in the Council chamber Tuesday evening, April 9.

Mr. Greider of the Street committee, reported that his attention was called to a pond of water in the alley rear of E. F. Baker's New Haven street property. The property committee will investigate. The alley at Jacob Nissley's property is in very bad shape. That alley namely Comfort, was ordered macadamized. Also there was complaint about the pavement on the west side of the school grounds. Columbia avenue and Delta street in bad shape and should be improved. The traction company will be notified to put these streets in proper shape and Council will repair other portions.

President Longenecker made the following recommendations. Trolley company be notified to finish Donegal street; ordered. Street committee finish West Donegal street with screening; ordered. Old Market street and Delta street from Main street to Cherry alley be macadamized; so ordered. Main street be severed from Barbara to High, thence to Apple Tree alley and same to connect with the Jacob street sewer; so ordered. The sewer on Fairview street be extended; the Street committee to use its judgment; ordered. Sewer be laid from south side of Marietta street to connect with pipe across street, which would carry off water at school house; ordered. South Barbara and South Jacob streets be repaired; so ordered. Bolen block crossings be laid on the north side of Main street at High, on the south side of Main at Jacob, on west side of Main street at Barbara, on north side of Donegal street at Barbara, on east and west side of Jacob street at Apple Tree alley; all these were ordered. P. R. R. be notified to re-lay brick pavement at east Market street bridge approach; ordered. Street committee advertise for bids for furnishing stone, sewer pipe and bolen block and award contract to lowest bidder but bidder must give bond as evidence of good faith. Also engage a competent surveyor, the committee to use its judgment. Also post notices relative to the removal of ashes.

Mr. Hamaker of the Water committee, reported everything in first-class condition and that pumping engineer Good had not as yet signed the agreement drawn up by the committee. Recommended that the water main on Market street be extended for the benefit of John M. Brandt, who will build.

Reservoir should be cleaned and fire pressure should be tested.

Mr. Zeller of the Light committee, suggested the placing of a light at the residence of Mrs. Harry Hildebrandt.

Water superintendent Martin B. Hiestand reported a leak in the fire plug at the residence of John Rahm and suggested that all manufacturers install water meters.

The report of the treasurer showed a balance of \$1,834.67 in the Borough account and \$1,993.45 in the Water account.

The Hoffman estate presented

dead for the transfer of land now embodied in streets in the east end, consideration \$1.00. Upon motion same will be accepted provided the solicitor says it is O. K.

David street was reported in bad shape. Same was referred to the Street committee.

Burgess Shrite was instructed to see about the fence of John Wharvell on said street as it was reported to be on borough property.

Upon motion the following pavements on South Market street were condemned. The Mt. Joy Borough School, A. H. Coolidge, Mrs. A. H. Coolidge, Amos Bender, Mr. and Mrs. A. B. Root and Thomas J. Brown. All these pavements were ordered relaid. The Street committee was ordered to lay pavements at alley on S. Market street.

The fence on the Brown lots on Columbia avenue, was reported on borough property. The Solicitor will be consulted in the matter.

The Conestoga Traction company was notified to put Columbia avenue, Delta and Donegal streets in the same condition as they were prior to putting down of the trolley tracks.

The Street committee was ordered to give John Miller grade for his pavement on West Donegal street and that his fence be set on the line. The committee was also instructed to remove all ashes, from May 1 to 20.

The tax rate for 1907 was then considered and it was shown that at 4 1-2 mills, the borough would derive \$162 more this year than it did at a 5 mill rate last year on account of the increased assessments. It will be remembered that this is just what the Bulletin suggested two months ago. Upon motion of Mr. Zeller the tax rate was fixed at 4 1-2 mills and Clerk Fellenbaum was instructed to get out the duplicate until May 1st.

The Water superintendent was ordered to clean the reservoir and flush the fire hydrants using fire pressure. The latter to be done after basin is cleaned.

The auditors' report of the borough finances was read. Upon motion it was ordered advertised and printed by the Bulletin. After some discussion it was decided that the postmaster should not order work of any kind hereafter without first consulting the Property committee.

## John Peck is Killed by a Fall

### Formerly Resided at Donegal Springs and Later at Florin. Buried Yesterday.

John Peck, aged about fifty-two years, and living near Bainbridge, was found dead at Herr's culvert, on the Pennsylvania railroad, one mile east of Landisville, on Sunday morning by a telegraph operator, named Minnich. The man went to Landisville on Saturday evening on Harrisburg Express, and started to walk to Lancaster, traveling on the railroad. When he came to Herr's culvert he fell, in some way, and landed on some stones a distance of about twelve feet. His skull was crushed above the left eye and the body was lying in a pool of water.

The unfortunate man at first could not be identified, but from a description furnished, his relatives were led to believe that it was John Peck. His watch was stopped a few minutes after 12 o'clock, which is probably the time he made the fatal mistep. Upon his body was found a large sum of money. The remains were removed to Difenderfer's undertaking parlors, at Salunga, where they were prepared for burial. Deputy Coroner B. S. Dillinger, of Mount Joy, was notified and with his physician, Dr. J. J. Newpher, held an investigation, and decided that death was in accordance with the above related facts. Deceased was never married.

The funeral was held on Tuesday afternoon at 2 o'clock from the home of his aunt, Mrs. Charles Zeller. Interment was made in Henry Eberle cemetery.

## Little Profit in Cattle

The crop of fat cattle in Lancaster county is ripening and farmers who fed steers are not elated over present prospects for profits. As the market is to-day, they will get little if any more than market price for their corn, the manure pile being the only compensation for rough feed and attention.

Of late years, Lancaster county feeders do not as a rule buy fancy steers in the fall for feeding purposes. They prefer a medium grade with less risk of loss.

Probably the average price paid for feeders last fall was around four cents a pound. These cattle to-day, fat, are worth about five cents. If the farmer bought ten hundred pound steers, they cost him \$40. If he put on 400 pound of growth and tallow, they will fetch at today's market, \$70, an increase of \$30 a head. He has probably fed each steer fifty bushels of corn. At fifty cents a bushel that was worth \$25, so that he has possibly \$5 a head for his work and rough feed. Of course there are variations from this rule, but cattle men agree that this is a fair statement of the average profits this season.

## Elopers Near Home

At an early hour Thursday morning Abram W. Groff, who resides about two miles north of Manheim, was awakened by hearing a man calling in his yard. He went to the window and saw it was E. M. Hess the rural mail carrier, who twice eloped with Mrs. Uriah Z. Geib. He had left his team in the road some distance from the house and it is not known whether Mrs. Geib was with him or not, but it is believed she was. Hess asked Mr. Groff whether he thought Geib would take his wife back again and how everybody was getting along. He was surprised to learn that Mr. Geib had gotten his horse back. Hess was invited into the house but he declined. Since then nothing has been seen or heard of Hess or Mrs. Geib.
