**The Big Birds Greet Each Other by Clapping Their Long Bills Together Noisily.**

Storks are not often seen on the American continent, but are commonly found in nearly all the countries of Europe. In Holland, where they are particularly numerous and are protected by law, their nests are generally on the summit of a tall post, but up on purpose for them, on which is fixed an old cart wheel. A Dutch gentleman has one such post in his grounds within sight of his library window, but he improves on the cart wheel by having an iron framework for the reception of the nest. The first year it was put up, toward the end of June, a solitary young stork used to come daily and inspect this framework. He was seen there one day standing in an empty receptacle exactly like a would-be benedict inspecting an empty house, contemplating the view and wondering if the drains are all right.

The verdict was apparently favorable, for next season saw the nest occupied by the newly-wedded pair. Their power of wing is very fine, and on hot days they ascend in spiral circles, hardly moving their broad, black wings, till they look no bigger than flies. After the young are hatched they appear to be suspicious of one another and unwilling to leave the nest unguarded.

Storks have no voice. The only noise they make is "klapping" (snapping their great red mandibles rapidly and loudly). Thus they greet one another, generally by throwing back the head until the upper mandible rests on the back, but occasionally "klapping" is performed with the head and bill in the former position.

**That's Too Bad.**

The Lancaster Morning News says: In the Donegals the early sown oats is reported to have rotted in the ground and farmers are plowing it up and planting potatoes.

Wanted, Lost, Found, For Sale, &c.

**Wolf Yoffe's Clothing Store**  
**Hats! Hats! Hats!**

A man may have on a fine suit of clothes or the latest style of a dress shoe, yet, if his head is not properly covered, he is not a "well-dressed" man. Ask a man and he will acknowledge that it is just as important for him to have a new Hat, as for the smartly dressed woman to have a new Spring Bonnet.  
 In a Derby, the best that's made he will find it in our "Sylvania," "Comfort," Phoenix and "Sterling" from \$1.50 to \$3.00, in all sizes.  
 And now for a Soft Hat. Don't go anywhere else to see what's new, come to us and we'll show you the very latest in style and color. "Turko" and "Laurel" are the very latest. Yes, sir, you'll be absolute sure of newness and correctness in style.  
 A full line of every day Hats, Soft and Straw, from 50c to 50c.

**ATTENTION FARMERS**

**The Farmer's Choice.**

THE McCORMICK IS THE CHOICE OF THE FARMERS OF THE WORLD. AND HAS BEEN FOR 73 YEARS

The vast majority of farmers choose the McCORMICK BINDER because it does splendid work in the field no matter whether the conditions are favorable or unfavorable. The McCormick has a record extending over a period of seventy-three years, which enables the farmer to reach a fairly accurate conclusion as to the merits of the machine. Read about the excellent points of the McCormick in the attractive book entitled "It Takes the Palm," supplied free.

**The F. & J. New Horse Lift Cultivator**

The operator when at the end of the row, releases the lever and the team does the work of lifting the gangs and balancing the cultivator at the same time. Gangs are coupled low on front of frame giving the shovels good suction. Gangs are operated by a bi-treadle a new device and absolutely perfect and very easy on operator. Thousand mile axle and perfectly dust proof. Hoeing attachment for cultivating tobacco, corn, cabbage, tomatoes, or any other plants requiring close cultivation. One of the best labor saving machines sold.

**Vulcan Plows and Universal Cultivators With Tobacco Hoeing Attachments**

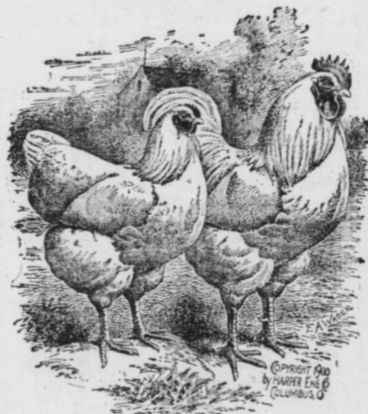

are two of the most useful pieces of farm machinery on the market today.

We carry almost any kind of Modern and Improved Machinery used by farmers. Call and see us.

**M. L. Greider & Co., Mount Joy, Pa.**

**Garber's Improved Poultry Powder!**

**POULTRY POWDER.**—We claim that this Powder will largely increase egg production, strengthen weak and drooping fowls, promote the health and growth and development of all varieties of Poultry, and insure fine condition and smooth plumage. Compounded upon the most scientific chemical principles, being highly tonic, stimulating, antiseptic and alterative makes it a most powerful and natural preventive and curative agent, beside being specially adapted to making hens lay. As an egg food for making hens lay it has no superior. For carrying fowls safely through moulting; fitting for exhibition and market, increasing the size and strength, and hastening the growth of young poultry, it has no equal; is absolutely pure and highly concentrated. One ounce is worth a pound of any other kind. Strictly a medicine, to be given in the food, once daily, in small doses. Prevents and cures all diseases of hens. Worth its weight in gold when hens are moulting and to keep them healthy there is no other food on the market like it 1 1/2 lbs. 25c., 3 lbs. 65c.
