Big Rally-Day Services at the Florin United Brethren Church.

Rev. J. H. Quigly of Harrisburg preached a powerful sermon at 10 a. m. from Psalm 37:3, Trust in the Lord, and do good. His theme was "Faith and Doing Good." He said in part. "Certain things are necessary to the carrying out of the Gospel plan. Men are needed to preach. But not all men preaching are called of God, hence the failure of many God's call is necessary to success in ministry. The people need a preacher. For 'How shall they hear without a preacher?' and how shall they preach, except they be sent."

Comfortable houses of worship are needed. Choirs and leaders of singing are also important. But most of all, faith is needed. This word we can sometime spell and at other times we cannot. While in health we can easily believe in God, but when sickness comes, business fails, neighbors forsake us, it is hard to believe in Him. It is unbelief that says "There is no God." Faith grasps God's promises and repeats, "By thy side I will walk." The prayer of faith is never lost. It may be unanswered, but it is never lost. The one who holds on in prayer, knows he will get an answer.

We dictate to God and he never hears us. Because it is not his way.

We must do good.

It is God's plan that we all do good. Life is short, therefore we must use the time. In youth time hangs heavy, but in old age it passes swiftly. "Use the time," is God's message. Every life has its influence. One may as well walk in the noonday sun without a shadow, as to be without influence. We cannot judge people as we see them in church we must see them in their homes. Because many women are angels in church, and slander-bearers in their homes. We become like our companions. Therefore let us walk with God and be like him. Why should we not believe him? If we support the Gospel we do more good than the whole police force of the United States. We must save buying unnecessary things and do more for Christ. Doing good with all God has entrusted to us is the most honorable thing that a man can do."

The Bible School at 1:00 p. m. was addressed by Prof. B. W. Fisher of Lancaster. He spoke on the topic, Aggressive Missionary Work in the Bible School. He asked, "Is there work to be done in Florin? Are all the boys and girls of the town present to-day? If not, then there is work to be done. The Bible School is the great light giver. Where light is, there men will gather. A few men set on fire for God can do more work than hundreds of cowards. Cowardise is catching. It takes brave men to make the work go. The Bible School is the pivot of the church and around it revolves the machine of gathering years. If one hears good in school, it is our business to go out and tell the other fellow who was not present. We must not only receive, but impart truth. The successful teacher must be interested in Missions. The aggressive Bible School is the one which does home mission work. Any boy who asks another boy to come to school is doing Missionary work. America has been more to Protestant Christianity through the Bible School. Therefore we must give ourselves, our talents, our energies, our all to its support. We have failed in our Foreign Mission movement and now God is sending over 1,000,000 foreigners to us every year. These must be evangelized. Every Bible School should be organized upon a missionary basis. The classes must be organized into definite working bands. Give each band a name, as "Gideon's Band," "Sunbeams," "Band of Mercy" etc. Such a Bible School shall prosper.

The pastor N. L. DeLong

preached at 7:00 p. m. to a well filled house. His text was Psalm 27:4. One thing have I asked of Jehovah, that will I seek after. He laid emphasis on dwelling in God's house as being the principal thing needed in the world to day.

The Rally-Day was a success, from every point of view. The day was set apart for the gathering in of funds for the re-building of the church. At the close of the evening it was found that \$719.78 had been given to the treasurer. The members of the church wish to thank all who have contributed towards this fund, and extend to them and others an invitation to come to the dedication service on December 8, 1907.

A MEMORIAL

Aaron B. Stoner, an account of whose sudden death is elsewhere recorded and the subject of this short biographical sketch was born in Mount Joy, Pa., on June 22, 1834. He was the son of the late Augustus Stoner who carried on mill-wrighting in this place for a number of years and with whom he learned his trade. After the completion of his trade and in 1855 he went West, crossing the Allegheny mountains at Hollidaysburg, Pa., by cable. He spent some time in Chicago when that city was not as large as Lancaster is now, located for a while at Galesburg, Illinois, and in 1857 returned to this locality. In 1862 he went to Portsmouth, Va. and worked in the government workshop until the close of the war in 1865, after which he was employed for quite a while at the Bald win Locomotive Works in Philadelphia, Pa. In 1870 he again went westward, locating in Kansas where in Butler County of that state he purchased two farms and afterwards took up a homestead claim of one hundred and sixty acres of government land which he put under cultivation and sold at a fair price. After spending several years in Kansas he returned East and during the later period of his life he lived retired at Manheim, Pa., and came to Mount Joy, Pa. about a year ago to spend the rest of his life. In politics Mr. Stoner was a staunch and unswerving Republican. Mr. Stoner was a fine and skillful mechanic. An inlaid gun case which he prized very highly, is a handsome specimen of his own handiwork. He was a pleasing conversationalist and had a fund of anecdote and reminiscences of his frontier life which it was a delight to hear him relate. In dealing with his fellows he was upright and honest. Having been thrifty and prosperous, he exacted from others the qualities that make for success. He was a good friend, an interesting companion and a familiar figure who will be missed by a large circle of friends. He loved his native town. To dwell within its gates, to die within its borders to be buried near its confines and to live in the memory of its people were the ruling desires of the closing days of his life. Requiescat in pace.

THE WILL

Stoner Fund for the Worthy Poor of Mount Joy, Pa. The residue of his estate is given to the Lancaster General Hospital to endow a room in his memory for the free use of bona fide residents of his native town who are in too needy circumstances to pay for the same.
