Litchfields a Success
 The Litchfield Trio has come and gone and on every side is heard, "it was the best attraction of the course." They appeared in the hall last evening to the best advantage thus far. Dr. John J. Newpher, a member of the committee mentioned that they had a credit of \$60 at the termination of last year's course and while the past course was far more expensive, they have a balance of \$50 this year. Cards were passed through the audience for the purpose of ascertaining how many would take course tickets for next year's course. It was met by the general approval of the audience and about 75 volunteered. This committee spared nothing in making the course the best yet and they were undoubtedly successful.

A Farewell Surprise.
 A farewell surprise party was tendered Mrs. C. F. Streger at the home of Mr. and Mrs. C. S. Longenecker on Friday evening. A large number of her friends were present and the occasion was a very pleasant social affair.

Agility of a Cow.
 An emigrant's outfit, including a cow, was in a forward car of a Kansas train, the emigrant himself being in the caboose. The train was making average time when the man suddenly exclaimed, while looking out of the caboose window: "Why, there is my cow," pointing to an animal that stood gazing beside the track. The trainmen told him he must be mistaken, but he insisted that he was right, and finally succeeded in having the train stopped. Going forward, the door of the car was found open and the cow gone. It was not injured in the least by the fall from the train, and was grazing within a minute after the time it struck the ground.

A. L. Clay of Norfolk, Va., is the guest of Dr. John J. Newpher.

FACTS FOR SICK WOMEN

LYDIA E. PINKHAM

No other medicine has been so successful in relieving the suffering of women or received so many genuine testimonials as has **LYDIA E. PINKHAM'S VEGETABLE COMPOUND**. In every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every one you meet has either been benefited by it, or has friends who have. In the Pinkham Laboratory at Lynn, Mass., any woman any day may see the files containing over one million one hundred thousand letters from women seeking health, and here are the letters in which they openly state over their own signatures that they were cured by Lydia E. Pinkham's Vegetable Compound. Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations. Lydia E. Pinkham's Vegetable Compound is made from roots and herbs, without drugs, and is wholesome and harmless. The reason why Lydia E. Pinkham's Vegetable Compound is so successful is because it contains ingredients which act directly upon the feminine organism, restoring it to a healthy normal condition. Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.
