The school assembled in the Sunday school room and marched into the auditorium waving flags and singing America. A splendid program of exercises songs and recitations with choruses by the school was rendered to the delight of a large and interesting audience. Prof. G. E. Mark former principal of the high school here, made a brief but excellent address upon the proper culture of the mind and what the church is doing for its young people in the way of furnishing them facilities for higher culture. Made Another Break

Within a few days after Friendship Fire Company No. 1 was given permission to use the fire plugs the hose directors flushed every plug in the East ward, which was done two weeks ago—and there was no fire. They were waiting until the reservoir was cleaned to flush the plugs in the west ward. On Friday there was a slight fire and inasmuch as five hundred feet of hose were dirtied at said fire, it was decided to use them, put on the fire pressure and flush the plugs in the west end which was done. Now along comes a local bladder and is of the opinion that the plugs are and will only be flushed whenever there is a fire, but this judgment is about as far wrong as was his opinion of the tax collector's bond, which must be handed over at the July meeting. He should think twice before he speaks hereafter.
As the fire pressure test was not very satisfactory last week, it was given another trial yesterday afternoon and with two large streams on one plug the water was thrown on the malt house but being of the opinion that the pressure should be better an investigation was made at the reservoir and it was found that the large shut-off valve leaks. This will be reported to Council immediately and beyond a doubt repaired. Several plugs were again flushed (and there was no fire).

Alwine Gone for Good

The Harrisburg independent says that Harry K. During the past week judgments aggregating \$16,000 have been filed against him.

The accused was charged before Alderman Doebler with felonious assault and battery and will be given a hearing later.
