WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter he blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms-pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel disorders of the eyesight and hearing dizziness, irregular heart, debitity, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. Henry Krall, living on Mt. Joy St., Mount Joy, Pa., says: "I was almost continually troubled & with nervous spells and when my kidneys began to give me annoyance I suffered seyerely. My back pained acutely, I had chills and my head & ached a great deal. I was unable to do my housework until Doan's Kidney Pills came to my attention Sorrel Horse Hotel and I procured a box at E. W. Garber's Pharmacy. At present I am & better than in a long time and recommend Doan's Kidney Pills as an excellent remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
