**EDITORIAL**  
Summer resort proprietors have seen their best days—in 1909.

Now we have to lose sleep and wonder who did discover that old pole any way.

Who renders honor to whom honor is due, mustn't forget the dogs and the Esquimaux.

The "also explored" are now receiving some attention and in a way they did not anticipate.

Germany owns \$250,000,000 worth of diamonds in South Africa, but she needs more than that.

There is now a suspicion that Mr. Wu is merely returning to Chian for the purpose of talking them into letting him come back.

An esteemed contemporary announces that the silly season is about to end which is not so. The silly season is never over.

Prof. Richard Burton declares that this is the scrap-hook age of America. The airship is also likely to make it the scrap-iron age.

The man who goes thru life without being able to say that he planted a tree may be a good citizen, but he is not a first-class citizen.

There is now a rumor that the Chinese will make a mandarin of Col. Roosevelt when he visits China. This would indeed be a distinction.

They say that Carnegie is cutting down his benefactions. This is a reminder that he has not handed out a library for more than a month.

A naval report on a midshipman says: "His usefulness has been impaired by matrimony." (The same thing sometimes occurs on land.)

Some time in the future the old reliable citizen who never rode in a railway train will have to give way to the citizen who never sailed in an airship.

There is a man in Stafford, England, who has sung in the same choir for seventy-four years. Patti herself cannot equal a record like that.

Thirty-six mountain climbers have lost their lives in the Alps during the present summer. Evidently the safest way to ascend the Alps is in a balloon.

If the chewing gum trust continues its exactness, it appears that the American stenographer will have to confine her operations to chewing the—rag.

About sixteen per cent of the divorces in this country are granted after three or four years of marriage. We start out right but it seems we don't keep it up.

We suppose naturally, that the most comfortable way in which to witness an airship race is to lie on the broad of your back, which, indeed, is a very pleasant way.

Gambling in Havana is prohibited, but you are allowed to play poker. The Havana idea seems to be that poker is not gambling but simply an exercise in pure reason.

The excitement to be caused by the arrival of former President Roosevelt with a cargo of wild animals can only be compared to that produced by a man driving into an inland town with a wagon load of fresh fish.

It is estimated that 84 per cent of all the inhabitants of the United States drink coffee. Yet investigation might show that a good many of them drink stuff which they erroneously suppose to be coffee.

The only real philosopher among the very rich is Mr. Rockefeller, who attends Sabbath school regularly plays a quiet game of golf the now and then, and listens to the old family clock ticking it up at \$40 a minute.

A kiss is a peculiar proposition. Of no use to one, yet absolute bliss to two. The small boy gets it for nothing, the young man has to steal it, and the old man has to buy it. The baby's right, the lover's privilege, the hypocrite's mask. To a young girl, faith; to a married woman, hope; and to an old maid, charity—not rect.

# 5A HORSE BLANKETS

5A Horse Blankets are famous. Three horse owners out of four make the 5A trade mark their sole guide in buying blankets. They know that it stands for every desirable quality a blanket should possess—size, weight, warmth, strength and—withal—ability to outwear any two of any other name or make. There isn't a thread or shred in a 5A blanket that isn't first-class material.

Every square inch is a sound inch. 5A blankets stay together because they're put together to stay. You never find straps, buckles or stays parting company with the blanket before it's seen a month's service—as sometimes happens with others.

5A blankets are the best blanket value on the horse-goods market to-day. We sell them to your dealer direct and so save you the jobber's profit. Ask him to show you his line of 5A blankets and robes.

For street wear, use 5A Square Blanket. In the stable, 5A Bias Girth is best. Be sure to see the 5A Stay under Strap.

**HUDSON-FULTON CELEBRATION NEW YORK CITY.**

Three hundred years ago, Henry Hudson, an Englishman in command of a Dutch expedition, with eighteen men, explored the Hudson River from Sandy Hook to Troy in his small craft, the "Half Moon."

One hundred and ninety-eight years later, Robert Fulton established, with his steamboat, the "Clermont," a regular water service between New York and the towns along the Hudson river to the North.

This year, New York City, with sister cities and towns along the Hudson, will celebrate these two achievements by a series of imposing observances, religious, historical, military, naval, musical and literary, extending from September 25 to October 9.

Replicas of the "Half Moon" and the "Clermont" have been built and will play a large part in the celebration. They will be the center of attraction in the great naval pageant on Saturday, September 25. The United States Government will have fifty-two war ships anchored in the Hudson, and Great Britain, France, the Netherlands, Italy, Germany, Argentina, Guatemala, Mexico, and Cuba will be represented by war vessels.

Two great parades of water craft will escort the "Half Moon" and the "Clermont" in triumphal procession past the war leviathans, first in the morning and again in the evening, when all the vessels will be illuminated.

On September 28 there will be a grand historical pageant, and on September 30 a big military parade in New York City. On October 1, the "Half Moon" and "Clermont" will proceed up the Hudson to Troy escorted by hundreds of river craft, including torpedo boats.

A magnificent carnival parade will be held in New York on Saturday evening, October 2, which promises to eclipse all previous attempts.

The Pennsylvania Railroad, the direct line to New York, with its unsurpassed service of fast express trains, will sell excursion tickets to New York for this period at reduced rates of fare.

Full details concerning specific fares, dates of sale, return limits, and train service may be obtained of Ticket Agents.
